**THE POLLS WILL BE OPEN FROM 10:00 A.M. TO 6:00 P.M.  
APRIL 8, 1997.**

**To the Inhabitants of the Town of Wolfeboro in the [L.S.]  
County of Carroll in said State, qualified to vote in Town  
Affairs:**

You are hereby notified to meet at Kingswood Regional High School Auditorium in said Wolfeboro on Tuesday, the Eleventh day of March, 1997 at 7:00 P.M. to act upon the 1997 Town Warrant. Voting for elected officials and final voting on the 1997 Town Warrant will take place on Tuesday, the Eighth of April, 1997 in the Undercroft of the All Saint's Episcopal Church from 10:00 A.M. to 6:00 P.M.

**ARTICLE 1:** To chose one (1) Selectman for three (3) years, one (1) Treasurer for one (1) year, two (2) Library Trustees for three (3) years, one (1) Police Commissioner for three (3) years, three (3) Budget Committee Members for three (3) years, two (2) Planning Board Members for three (3) years, one (1) Trustee of Trust Funds for three (3) years.

**ARTICLE 2:** Are you in favor of the adoption of an amendment to the existing building code as proposed by the Planning Board for the Town of Wolfeboro, NH a follows: Building Codes: All construction in the Town of Wolfeboro shall conform to:

1. 1996 BOCA National Building Code as recommended and maintained by the Building Officials and Code Administrators International, Inc;
2. 1996 BOCA National Fire Protection Code as recommend and maintained by the Building Official and Code Administrators International, Inc.;
3. 1994 Life Safety Code, NFPA 101 as adopted by the National Fire Protection Associates, Inc. and approved by the American National Standard Institute;
4. 1993 National Electric Code, ANSI/NFPA 70, as adopted by the National Fire Protection Association, Inc. and approved by

the American National Standards Institute.

5. 1996 BOCA National Plumbing Code, as recommended and maintained by the Building Officials and Code Administrators International, Inc.

6. 1996 BOCA National Mechanical Code as recommended and maintained by the Building Officials and Code Administrators International, Inc.

7. Applicable State Law and Codes, and current Town Ordinances and construction requirements.

**SIMPLIFIED AMENDMENT PROCEDURES** the adoption of updates or revisions to the national codes may be made as follows:

1. The code enforcement officer shall prepare an amendment to those portions of the local building code that refer to, or that make insertions in, deletions from, or exceptions to the national codes. No amendment to the local building code except as may be necessary to effect the substitution of revised national codes or code provisions for codes or provisions previously adopted shall be adopted using the simplified procedure of this paragraph.

2. The planning board shall hold a public hearing on the proposed update or revision, with notice as provided in RSA 675:7. Such notice shall include information stating where the proposed local building code amendment and the new or amended national codes or code provisions are available for public inspection.

3. Following such hearing, the update or revision shall become final upon approval by the selectmen and recording with the town clerk.

**ARTICLE 3:** Are you in favor of the adoption of an amendment to the existing building code for one and two family construction as proposed by the Planning Board for the Town of Wolfeboro, NH as follows: Building Codes: All one and two family construction in the Town of Wolfeboro shall conform to:

1. 1995 CABO One and Two Family Dwelling Code as recom-

mended and maintained by the Council of American Building Officials.

**ARTICLE 4:** Are you in favor of the adoption of an amendment to the Existing Planning and Zoning Ordinance as proposed by the Planning Board for the Town of Wolfeboro, NH as follows:

3.4 SIGNS 3.4.1. Purpose and Intent. It is the purpose and intent of this article is to provide control of the erection, installation and maintenance of signs for the purpose of uniformity with aesthetic values as called for in the Master Plan and for the convenience, comfort, propriety, economic vitality and general welfare of the Town of Wolfeboro.

3.4.2. Nonconforming Signs. Any legally permitted sign not conforming to the terms of this Article as of the effective date of this ordinance shall be allowed to continue as a nonconforming use. Nothing herein shall prevent the substantial restoration or reconstruction, within one year, of a sign destroyed in part or whole by fire or other casualty so long as this use does not result in a new or increased violation.

3.4.3. Removal of Certain Signs. Any illegal sign, or sign now or hereafter existing which no longer advertises a bona fide business conducted, or product sold, shall be removed by the owner, agent or person having the beneficial use of the building or property upon which the sign may be located. Removal shall take place within fourteen (14) days after written notification from the Code Enforcement Officer, otherwise the sign shall constitute a public nuisance.

3.4.4. Definition of Terms.

**SIGN** - Means any exterior or exterior oriented device, fixture, placard, or structure that uses any color, form, graphic, illumination, symbol, or writing to advertise, announce the purpose of, or identify the purpose of any person or entity, or to communicate product or service information to the public.

**ACCESSORY SIGN** - Means any sign relating to a business on the premises on which the sign is located.

**AWNING** - Means any structure made of cloth, plastic, or metal with a frame attached to a building or structure, when the same is so erected as to permit its being raised to a position flat or rolled against the building when not in use. For the purposes of this ordinance, awning area used for sign copy shall be permitted as a **WALL SIGN**.

**BUSINESS DIRECTIONAL SIGN** - Means an off premise sign of a permanent nature that directs the traveling public to specific business or businesses.

**CANOPY** - Means any structure, other than an awning, made of cloth, plastic, or metal with frames attached to a building. For the purposed of this ordinance, canopy area used for sign copy shall be permitted as a **WALL SIGN**.

**CURB LEVEL** - Means the elevation of the street curb.

**CURB LINE** - Means the vertical plane of the street side of a curb.

**DAILY SPECIALS READER BOARD** - Means a sign that is flush mounted and provides a fixed location for restaurant advertisement of daily food specials.

**FLAG** - Means any device that is constructed of fabric and displayed from a pole.

**FLASHING SIGN** - Means any sign that moves, flashes, contains traveling lights, or gives the impression of any movement or flashing.

**FREE STANDING OR GROUND SIGN** - Means any sign which is not a part of or attached to any building but is located elsewhere on a lot.

**IDENTIFYING SIGN** - Means any sign or plaque giving the name and/or address only of the business or occupant of the premises on which the said sign or plaque is located.

**INTERNAL SITE DIRECTIONAL SIGN** - means a sign or signs used to provide basic internal site directional information, such as: entrance, exit, and one way.

**NEON SIGN** - Means any lit sign using neon tubes or neon like

tubes for illumination or display.

**PREMISES** - Means a lot, parcel, tract, or plot of land together with buildings and structures thereon.

**PROJECTING SIGN** - Means any sign which is attached to a building or other structure and extends more than twelve (12) inches beyond the line of the building or structure or beyond the surface of that portion of the building or structure to which it is attached.

**ROOF SIGN** - Means any sign erected upon, but not extending over the roof of any building.

**SETBACK LINE** - Means the line that is the required minimum distance from any lot line and that establishes the area within which a sign, structure or building must be erected or placed.

**SIDEWALK** - Means any public or private way or thoroughfare, paved or unpaved, intended for the use of pedestrians or foot traffic.

**SIZE OF SIGN** - Means the area of a sign face. The area of a sign face shall be computed by means of the smallest square, circle, rectangle, triangle, or combination thereof that will encompass the extreme limits of the writing, representation, emblem or other display, together with any material or color forming an integral part of the background of the display or used to differentiate the sign from the backdrop or structure against which it is placed, but not including any support framework, bracing or decorative fence or wall when such fence or wall otherwise meets the Zoning Ordinance requirements.

The sign area for a sign with more than one face shall be computed by adding together the area of all sign faces visible from any one point. When two identical sign faces are placed back to back so that both faces cannot be viewed from any point at the same time, and when such sign faces are part of the same sign structure and not more than 24 inches apart, the sign area shall be computed by the measurement of one of the faces.

**STREET LINE** - Means the line dividing a lot from a street right-of-way.

**TEMPORARY PUBLIC EVENT SIGN** - Means any sign relating to or advertising a public event, such as: the Wolfeboro Area Children's Center's Annual Cruise, the Huggins Hospital Street Fair, and the Hospice Home Tour.

**WINDOW LETTERING** - Means a message permanently affixed to, attached to, or etched into the glass. The message is limited to the name and telephone number of the business, nature of goods sold or services rendered, and hours of operation.

**3.4.5 Exemptions.** The following signs are exempt from the sign ordinance:

A. Residential signs with a message area of one square foot or less, which bears only the property number/street address and names of the occupants.

B. Legal notice, such as "no trespassing" signs, with a message area of two square feet or less.

C. United States of America or the State of New Hampshire flag.

D. Decorative flags, not constituting a sign, up to two (2) per building.

E. Window lettering limited to 6 sq. ft. per business.

F. **SITE DIRECTIONAL SIGN**, not exceeding 4 sq. ft. and the business name or logo limited to no more than 25 percent of the directional sign.

**3.4.6 General Provisions/Application Process.**

Application for a permit to erect a sign shall be made in writing to the Code Enforcement Officer, Town of Wolfeboro and such application shall contain the following information:

A. Name, address and telephone number of applicant;

B. Proposed location and position of sign or structure;

C. Plans or drawings with dimensions and specifications;

D. Written consent of owner of the building or land, and

E. Such other information as the Code Enforcement Officer may require.

#### 3.4.7 Inspection.

The owner of any sign shall inspect annually each sign belonging to him/her, and it shall be the duty of said owner to keep his/her sign(s) in good repair and in good appearance at all times.

#### 3.4.8. Placement of Signs.

A. All signs, except for business directional signs, shall be prohibited within the public right-of-way except as provided below.

B. All business directional signs shall be designed and installed in compliance with the Off Premise Directional Sign Standards (to be promulgated within 90 days of the passage of this ordinance). The location of all business directional signs shall be approved by the Director of Public Works and the Town Planner.

C. No sign shall be so designed or so placed as to endanger, obscure or confuse or otherwise create a hazardous condition to motor vehicles, or pedestrians.

D. No sign shall project above the roof line of the building to which it is affixed.

#### 3.4.9. Illumination of Signs.

A. Signs may be illuminated only by exterior light sources. The light sources shall be so placed that they will not constitute a hazard to street or highway driving by glare or create a negative impact on abutting properties.

B. No flashing or animated signs, or signs with visible moving parts or intermittent lighting to create the visual effect of movement shall be permitted.

C. No neon signs shall be permitted.

#### 3.4.10. Permitted Messages.

A. Signs shall refer only to a use or activity conducted on the

premises upon which the signs are situated.

B. Farms, as defined RSA 21:34-a, shall be permitted not more than four (4) signs, each sign not exceeding six (6) square feet in area on each of two sides and intended solely to provide information about farm products for sale, as well as directional information.

C. No sign which contains a registered trademark or name which portrays a specific commodity or service for sale will be allowed in any zone unless the trademark or name is of the principal commodity or service offered for sale by the establishment.

3.4.11. Condition of Signs.

Signs shall be constructed of durable materials and shall be maintained in good condition and repair.

When by reason of neglect a sign becomes hazardous or unsightly, the sign shall constitute a public nuisance.

3.4.12. Permitted Signs, by District.

A. Number of Signs.

One sign is permitted per business in the following Zoning Districts: \*Shorefront Residential, General Residential GR1, GR1A, GR2, GR3 and the Municipal Watershed \*Shorefront Resort Residential.

Two signs are permitted per business, except as permitted in below, in the following Zoning Districts:

\*Commercial Districts C1 and C2. \*Agricultural

Each restaurant and food service establishment in the Commercial Districts is permitted one additional Daily Specials Reader Board sign, provided, however that the Daily Specials Reader Board sign is no larger that three (3) sq ft.

The type of sign permitted in each district is illustrated in table 1

B. Temporary Public Event Signs. Such signs are limited to a period of fourteen (14) days preceding and seven (7) days after the relevant event. The size of any temporary public event sign

shall not exceed forty eight (48) square feet and each public event shall be limited to two signs.

C. Temporary Signs. One temporary sign such as used by real estate agents advertising property for sale or those used by contractors, architects, painters or other artisans advertising work in progress may be permitted on a lot in any district provided:

- 1) It is unlighted;
- 2) It does not exceed six square feet in size;
- 3) Its proper appearance is maintained;
- 4) It is removed immediately upon completion of the work or transaction;
- 5) One additional real estate sign is permitted on all waterfront property, provided, however, that the sign is oriented so as to be viewed from the water.

D. Residential Accessory Signs. Signs stating the name and nature of a permitted home occupation may be displayed on a lot in any district provided such signs:

- 1) Are illuminated only during business hours;
- 2) Are set back at least one-half the required depth of the front yard setback or are attached to the building; and
- 3) Do not exceed one in number, which sign is of no more than six (6) square feet in size in the Agricultural District and Shorefront Resort Residential, or one in number of no more than two (2) square feet in size in the General Residential 1, 1 A, 2, 3, Municipal Watershed or Shorefront Residential Districts.

E. Projecting Signs. Projecting Signs shall be permitted in the Commercial Districts C1 and C2 only. A projecting sign shall not project horizontally in excess of six (6) feet; it shall be erected so that the lowest part of the sign shall be at a height of not less than eight (8) feet above the sidewalk or ground level; and it shall not exceed sixteen (16) square feet in surface area on each of two sides nor a total of thirty two (32) square feet on all sides.

F. Wall Signs. Within the Agricultural and Commercial Districts C1 and C2, no wall sign shall exceed ten percent (10%) of the

area of the building face to which it is attached, but in no case shall it exceed 24 square feet in size.

G. Free Standing Signs. Except as provided for in the C2-R28 and the C2-WC, shall not exceed fifteen (15) feet in height, including supports. One of the permitted signs within the C2-R28 and the C2-WC Zoning Districts shall be permitted to have sign area not exceed thirty six (36) sq. ft. and have a maximum in height which is the lessor of 20 feet or the height of the principle building. Such sign shall have a setback line of 20 feet from all property lines.

Table 1

Type of Signs Permitted, by District, for Each Business.

NOTES:

(1) The owner of a business which fronts on two publicly owned roads or a road and a municipal parking lot may elect to have up to three signs, provided, however that the cumulative sign area does not exceed sixty two (62) square feet.

3.4.13. Sign Construction.

A. Glass Requirements. Any glass forming a part of a sign shall be of safety glass, and where any single piece or pane of glass has an area of more than three (3) square feet, it shall be constructed of wired glass securely held in place.

B. Wind Pressure and Dead Load. The supporting structure of and fasteners for all signs shall be designed to withstand five (5) times the combined effect of wind pressure and dead load. A wind pressure of 25 pounds per square foot on the maximum horizontally projected area of the sign shall be assumed; dead load shall be the weight of the sign.

C. Obstructions to Doors and Windows. No sign shall be erected, relocated or maintained so as to prevent free ingress to, or egress from any door, window or fire escape.

D. Canopies. Canopies may be constructed of cloth, plastic, or metal, provided, however, that the lowest portion of any canopy shall not be less than eight (8) feet above the level of the sidewalk; they may extend beyond the street line but not nearer than eighteen inches to the curb line.

E. Awnings. Awnings may be constructed of cloth, plastic, or metal, provided, however, the lowest portion thereof shall be not less than eight (8) feet above the level of the sidewalk; they may extend beyond the street line but not nearer than eighteen inches to the the curb line.

3.4.14. Enforcement. Notification and Removal. It shall be the duty of the Code Enforcement Officer to notify the violator and/or building owner of any violations in writing, and if the condition is not corrected in five (5) days from the date of notification, the Code Enforcement Officer shall take legal action to have the sign removed immediately. The owner shall be liable for any costs incurred for such removal. Any such use in violation, after such notice has been duly given, is hereby declared to be a public nuisance (as in any other use or violation which is otherwise hereby declared to be a public nuisance), and the Code Enforcement Officer is authorized to abate the violation by application for injunction or other lawful means. Nothing herein shall prevent the Code Enforcement Officer from causing prosecutions for violations to obtain or impose fines for such violations, either as supplemental or alternative corrective actions.

3.4.15. Penalties. Any person violating any of the provisions of this Article shall be subject to the penalties as provided by Article 11.6

3.4.16. Appeal. Any person aggrieved by a decision taken under this Article shall have the right to appeal the decision to the Zoning Board of Adjustment as provided by Article 11.4.

**ARTICLE 5:** To see whether the Town will vote to amend the Wolfeboro Planning and Zoning Ordinance, to add the following new section: (Submitted by Petition) (Not recommended by the Planning Board).

**A. PURPOSE and INTENT**

The Town of Wolfeboro (the Town), has determined the general desirability of certain tourist activities in the Town, and the general tourism-based nature of much of the Town’s economy. The Town has also determined the desirability of adding new forms of commercial recreation along certain portions of the Route 28 corridor. In addition to permanent and seasonal residential uses and activities allowed under other sections of the Town’s Planning and Zoning Ordinance, one intent of this section is to enhance opportunities for certain new tourist-based facilities on non-waterfront property in the Town.

Recognizing that ***RV Parks***, as defined herein, are increasingly popular nationally and that the better examples of such facilities are commercial recreation that would be desirable for the Town, this section of the Planning and Zoning Ordinance is also intended to facilitate the creation of good examples of such facilities while mitigating potentially adverse impacts. It is therefore an intent of this section to allow RV Parks, subject to the design and density controls contained herein, the provisions of Site Plan Review, and other applicable Town, State and other regulations and permits.

**A.1: TERMS AND MEANING**

To assist with the understanding of this section of the Planning and Zoning Ordinance, certain Specially-defined terms have been created in addition to the other specially-defined terms also found in the Planning and Zoning Ordinance. Specially-defined terms particular to this section of the Planning and

Zoning Ordinance are identified in bold italic text, i.e., ***RV Park***; other specially-defined terms are capitalized,

## **B: APPLICABLE LANDS**

***RV Parks*** shall only be sited in the RV Overlay District, as defined herein, and subject to the-special criteria-of this section and the other relevant sections of the Planning and Zoning Ordinance.

The RV Overlay District is hereby defined to be the land bounded and described as follows:

Beginning at a point on the Southerly sideline of Route 28 at the existing Southerly boundary of land now or formerly of Alvin and Barbara White. said point of beginning being located approximately 1.920 feet along the travelled centerline of said Route 28 Southwesterly from the intersection of Route 28 and Trotting Track road. so-called; Thence in a general Northeasterly direction, along said Route 28 2.750 feet, more or less, to a point at land formerly of Smith & Kourian and the C2 District,. Thence N- running in a general Southeasterly direction 600 feet more or less along said C2 District to a point; Thence turning approximately thirty two (32<sup>o</sup>) degrees to the right and running approximately 5 700 E 137 feet more or less. and along said C2 district to an iron pipe at land now or formerly of the Wolfeborough Railroad, Thence in a general Southwesterly direction 2,700 feet, more or less, along said Wolfeborough Railroad. to a point at the Southerly corner of land now or formerly of Alvin and Barbara White. which point is located approximately 200 feet Southwesterly of the thread of Harvey Brook, so called: Thence in a general Northwesterly direction 600 feet, more or less, along said existing boundary of said land of White to said Route 28 - being the point of beginning. Said Overlay Area Contains approximately 45 acres. to be the same, more or less.

## **C: PERMITTED LOCATIONS**

An ***RV Park*** shall be a permitted use only in the RV Overlay District. More than one RV Park is permitted in the RV Overlay District.

## D: DESIGN AND GENERAL REQUIREMENTS

### D.1: DESIGN REQUIREMENTS

D. 1(a) A **Recreational Vehicle Space** shall have an area of one thousand (1,000) square feet or more of land.

D. 1(b) Not more than sixty percent (60%), by number, of the **Recreational Vehicle Spaces** in an **RV Park** shall have an area of twelve hundred (1,200) square feet or smaller of land.

D. 1(c) An **RV Park** shall contain not more than 10 Recreational Vehicle Spaces per acre within the **RV Park** (for example, a 20 acre **RV Park** shall contain not more than 200 **Recreational Vehicle Spaces**).

D. 1(d) An **RV Park** may contain a canteen or store area as an Accessory Use. Any such store shall be not more than 5,000 enclosed square feet in size. The following uses shall be permitted only in such a store and not elsewhere in the **RV Park**:

- a) Retail sales of food, beverages and phosphate-free detergents;
- b) Newsstand;
- c) Shower and toilet facilities;
- d) Public telephones;
- e) Retail sales of RV supplies;
- f) Not more than two (2) laundry machines, unless connected to the Municipal sewer, in which case laundry facilities are permitted;
- g) LP gas sales; and
- h) Rental of recreational equipment such as fishing gear and bicycles.

D.1 (e) **RVs** within an **RV Park** and Buildings and Structures associated with an **RV Park** shall comply with the setback criteria of the underlying zoning district with respect to the exterior boundaries of the **RV park**, and any special criteria contained in this section.

D.1 (g) **RV Parks** shall be operated in an orderly manner and shall be designed to comply with the design and operational criteria of the Town and the State of New Hampshire.

D.1 (h) **RV park** may provide recreational facilities for the patrons of the **RV Park**.

D.1 (i) If **RV Park** contain laundry facilities, only phosphate-free detergents shall be sold on site and used for laundry purposes.

D.1 (j) **RV Parks** shall buffer the front **Yard** area adjacent to any State highway fifty feet in width and **Yards** adjacent to platted public street rights of way in an area equal to or exceeding one-half of the minimum **Yard** setback from such street. Said from **Yard** area shall be landscaped, excepting the area within the sight triangle for access drives, and the landscaped **Yard** area shall contain the following minimum numbers of plants:

- a) One canopy tree at of least three inch caliper per each 1,000 square feet of front Yard, half of which may be evergreen;
- b) Two understory trees of least two inch caliper per 500 square feet of front Yard, all of which may be evergreen;
- c) One shrub or flowering bush at least two feet in height per 400 square feet of front Yard; and
- d) existing living vegetation may be used to satisfy all or a portion of these requirements

D.1 (k) **Recreational Vehicle Spaces** shall be for **Temporary Recreational Occupancy**.

D.1 (l) **Recreational Vehicle Spaces** shall not be used for year-round housing.

D.1 (m) There shall be no internal setbacks for the siting of **RVs** on **Recreational Vehicle Spaces**.

D.1 (n) A **Recreational Vehicle Space** shall not contain temporary or Accessory Buildings.

D.1 (p) All exterior lighting in an **RV Park** shall be sited within the **RV Park** or of the shielded or "cut-off" type design so as to prevent direct off-site glare outside the **RV Park**.

D. 1(q) All **RV Parks** shall adequately provide for the temporary storage of- rubbish in conventional containers commonly referred to as "dumpsters", or by equivalent means, as may be

approved by the Board during Site Plan Review. All dumpster areas shall be shown on the proposed site plan and shall also be screened from public view from abutting property and public roads adjacent to the **RV Park**.

D. 1(r) Vehicular circulation within an **RV Park** shall be designed for speeds of not more than 20 miles per hour, and may be in one-way circulation patterns. All such circulation shall occur over private and seasonal ways. For these reasons, roads, drives and vehicular circulation areas within an **RV Park** shall be provided to accommodate safe and convenient maneuvering, access and egress by **RVs**. Such - accessways are not required to be constructed to Town road standards.

D. 1(s) Not less than one (1) lockable bicycle parking space shall be provided for every fifteen (15) **Recreational Vehicle Spaces** created. Where a recreational trail exists or is proposed on abutting land, 25% or more of the required Bicycle parking spaces shall be sited conveniently nearby the recreational trail.

D. 1(t) The Applicant shall provide adequate measures for sewage disposal and storm water drainage for the **RV Park**, either on-site or off-site. The **Applicant** shall demonstrate compliance with this provision by submitting copies of State, Town, and any other related requisite applications to the Board during the Board's review of the **RV Park** proposal.

## **E: OPTIONAL DESIGN REQUIREMENTS**

Certain features of an **RV Park** may be permitted by Special Exception.

In addition to finding that the general Special Exception criteria have been satisfied, prior to granting a Special Exception for an optional element of an **RV Park**, the Zoning Board of Adjustment (ZBA) shall also find that the proposal has satisfactorily addressed any particular environmental concerns of the proposed **RV Park's** location. These concerns shall include any sensitive lands that may be adjacent to the proposed **RV Park** and any other lands located below it in an hydraulically down-gradient manner. Lake Wentworth is downgradient all of the RV Overlay District and the ZBA shall also address any probable

impacts to Lake Wentworth before granting a Special Exception.

The following optional elements of an ***RV Park*** may be permitted by Special Exception:

- a) More than two (2) laundry machines (unless connected to the Municipal sewer);
- b) Swimming pools;
- c) Vegetated earthen berms as a substitution for the additional plant buffering required in the preceding design requirements; and
- d) A dance hall or other facility providing music for public entertainment, unless located inside a preexisting building that was lawfully used for a non-residential purpose as of April 1, 1995.

#### **F: HIGH INTENSITY SOIL SURVEY REQUIREMENTS:**

F. 1(a) All land proposed for an ***RV Park*** shall be mapped in accordance with the Town's High Intensity Soil Survey (HISS) criteria.

F. 1(b) Septic systems in an ***RV Park*** shall conform with the applicable State and other Town regulations, including the setbacks from hydric soils mapped using the Town's High Intensity Soil Survey (HISS) criteria.

F. 1(c) Due to the seasonal nature of an ***RV Park***, the HISS lot sizing requirements only shall not apply to establish the size of the land used as an ***RV Park*** or to the allowed number of ***Recreational Vehicle Spaces*** in an ***RV Park***.

F.1(d) Offsite areas may be utilized for sewage disposal purposes for an ***RV Park*** provided that any such offsite area is at least two hundred (200) feet from Lake Wentworth.

F.1(e) Altered lands, whether excavated or filled, may be considered based on the merits of the altered land. If such lands are utilized, two licensed septic system designers, one of whom shall be a licensed soil scientist, and the other a licensed professional engineer shall provide the Planning Board with an

analysis of the lands in question, including opinions of equivalency, if any, for septic purposes for the lands in question under the HISS mapping criteria as if the land were naturally formed in its present state.

## G: DEFINITIONS

Words and phrases contained in this section of the Planning and Zoning Ordinance found in bold italic text shall first be interpreted as defined as follows, and then as defined in the Planning and Zoning Ordinance; otherwise, words and phrases shall have ordinary dictionary definitions.

- G.1 ***Applicant***: The owner(s) of record or the legally authorized agent of the owner(s) of record.
- G.2 ***Recreational Vehicle***: A vehicular or vehicular-mounted facility mounted on wheels or mounted on a vehicle with wheels such as motor homes, slide-in campers, travel trailers, truck campers and camping trailers, with or without motive power, designed for transient, recreational human habitation and occupancy, and as is also defined by N.H. statute (see R.S.A. 216-I:1 (VIII)).
- G.3 ***Recreational Vehicle Park***: An area of more than ten (10) acres of land whereon 2 or more ***Recreational Vehicle Spaces*** are created for commercial ***Temporary Recreational Occupancy*** by ***RVs***. ***RV Parks*** include, without limitation, Recreational Vehicle "Parks" and Campgrounds" as are defined by the State Department of Environmental Services if ***Recreational Vehicles*** are the means of occupancy.
- G.4 ***Recreational Vehicle Space***: That portion of a ***Recreational Vehicle Park*** designated for the placement of one ***RV*** for the exclusive use of its occupants, including any contiguous areas for temporary automobile parking, incidental storage or other Accessory uses.
- G.5 ***RV: A Recreational Vehicle***.
- G.6 ***RV Park: A Recreational Vehicle Park***.
- G.7 ***Temporary Recreational Occupancy***: Temporary customer use or occupancy of an ***RV Park*** by an ***RV*** for less than five (5) months of the year.

**G.8 Yard:** An area between a Building or Structure and a Lot line on which that Building or Structure is located. The front Yard shall be located between such Buildings or Structures and the Lot's Frontage line(s); the side Yard shall be located toward the side Lot Boundaries; and the rear Yard shall be located toward the rear of the Lot.

#### **H: Validity:**

If any section, clause, provision or portion of this Ordinance shall be held to be invalid or unconstitutional by any court of competent jurisdiction, such holding shall not affect or impair any other section, clause, provision or portion of this Ordinance.

**ARTICLE 6:** To see whether the Town will vote to raise and appropriate the sum of seven hundred and ten thousand dollars (\$710,000) for the engineering and construction of certain portions of the Town's sanitary sewer system as detailed in the report compiled by Wright-Pierce Engineers dated September 1996, said sum to be in addition to any federal, state or private funds made available therefor; and in accordance with RSA Chapter 33, the Municipal Finance Act, to authorize the issuance of bonds or notes not exceeding seven hundred and ten thousand dollars (\$710,000) for said purpose, and to authorize the Board of Selectmen to issue and negotiate such bonds or notes, and to determine the rate of interest thereon and the maturity and other terms for this purpose. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee)

**ARTICLE 7:** To see whether the Town will vote to raise and appropriate the sum of four hundred, twenty-five thousand dollars (\$425,000) for the construction of a substation for the Municipal Electric Department as detailed in a report entitled Immediate System Needs prepared by M.R.I. dated July 1996, said sum to be in addition to any federal, state or private funds made available therefor; and in accordance with RSA Chapter 33, the Municipal Finance Act, to authorize the issuance of bonds or notes not exceeding four hundred, twenty-five thousand dollars (\$425,000) for said purpose, and to authorize the

Board of Selectmen to issue and negotiate such bonds or notes, and to determine the rate of interest thereon and the maturity and other terms for this purpose. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee)

**ARTICLE 8:** To see whether the town will vote to raise and appropriate the sum of four hundred thousand dollars (\$400,000) for the following purposes: 1. Two hundred thousand dollars (\$200,000) for the engineering and construction of an industrial roadway on Town-owned land located on Route 109A, for economic development purposes; and 2. Two hundred thousand dollars (\$200,000) for the cleanup and stabilization of the former Town dump located off Route 109A; both projects as detailed in the preliminary plans prepared by Wright-Pierce Engineers dated December 1996, said sum to be in addition to any federal, state or private funds made available therefor; and in accordance with the RSA Chapter 33, the Municipal Finance Act, to authorize the issuance of bonds or notes not exceeding four hundred thousand dollars (\$400,000) for said purposes, and to authorize the Board of Selectmen to issue and negotiate such bonds or notes, and to determine the rate of interest thereon and the maturity and other terms for these purposes. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee)

**ARTICLE 9:** To see whether the Town will ratify the financial terms of the collective bargaining agreement reached between the Board of Selectmen and A.F.S.C.M.E. Local Number 534 which results in a cost estimate at twenty-one thousand, nine hundred, twenty-four dollars (\$21,924) for the fiscal year 1997. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee)

**ARTICLE 10:** shall the Board of Selectmen raise and appropriate as an operating budget, not including appropriations by special warrant articles, the amounts set forth on the budget posted with the warrant, for the purposes set forth therein totaling \$13,657,689. Should this article be defeated, the operating budget shall be \$13,522,825, which is the same as last year, with certain adjustments required by previous action of the Board of

Selectmen or by law or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only.

**ARTICLE 11:** To see whether the Town will vote to raise and appropriate the sum of thirty thousand dollars (\$30,000) as the Town's estimated remaining share for the construction of sidewalks by the State of New Hampshire through the Transportation Enhancement Program from the Kingswood Regional High School south to the intersection of Middleton Road along Route 28. (Recommended by the Board of Selectmen) (Recommended by the Budget committee)

**ARTICLE 12:** To see whether the Town will vote to raise and appropriate the sum of two hundred, fifteen thousand dollars (\$215.00) for the purchase of a replacement tanker/engine for the Fire Department and further to authorize the withdrawal of one hundred thousand dollars (\$100,000) from the Fire Truck Capital Reserve to offset such expenditure. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee)

**ARTICLE 13:** To see whether the Town will vote to raise and appropriate the sum of twelve thousand, five hundred dollars (\$12,500) to make certain improvements to the Cate/Town Park and Dockside area, specifically for lighting. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee)

**ARTICLE 14:** To see if the Town will vote to raise and appropriate the sum of eighty-five thousand dollars (\$85,000) for the engineering for the reconstruction of the Crescent Lake Dam, and to authorize the use of the Town's Fund Balance for this purpose. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee)

**ARTICLE 15:** Shall we adopt the provisions of RSA 31:95-c to restrict revenue from the operation of the Pop Whalen Ice Arena to expenditures for the purpose of operating and maintaining the Pop Whalen Ice Arena. Such revenues and expenditures shall be accounted for in a special revenue fund to be known as the Pop Whalen Ice Arena Fund, separate from the

general fund. Any surplus in said fund shall not be deemed to be part of the general fund accumulated surplus and shall be expended only after a vote by the legislative body to appropriate specific amount from said fund for a specific purpose related to the purpose of the fund or source of revenue. (Recommended by the Board of Selectmen)

**ARTICLE 16:** To see whether the Town will vote pursuant to RSA 154:24, to authorize the Wolfeboro Fire Department to go to the aid of another city, town, village, or fire district for the purpose of extinguishing a fire, rendering other emergency assistance, or performing any detail as requested, said authorization being for the purpose of allowing the Town of Wolfeboro, together with other municipalities, to form a district fire mutual aid system pursuant to RSA 154:30-a, 1 (specifically the Ossipee Valley Mutual Aid Association). (Recommended by the Board of Selectmen)

**ARTICLE 17:** To see whether the Town will accept a deed to the Wolfeboro Center Cemetery property from the Wolfeboro Center Cemetery Association at no cost to the Town. Said acceptance shall be on the condition that the Association's records and financial assets, including all funds, are turned over to the Town, and provided further that there be no implied financial liability to the Town for the maintenance of the cemetery, over and above the trust fund income. The Town may raise and appropriate additional funds for the care of said cemetery. (Recommended by the Board of Selectmen)

**ARTICLE 18:** Shall we modify the elderly exemptions from property tax in the Town of Wolfeboro, based upon assessed value, for qualified taxpayers, to be as follows: for a person 65 years of age up to 75 years, \$20,000; for a person 75 years of age up to 80 years, \$30,000; for a person 80 years of age or older \$40,000? To qualify, the person must have been a New Hampshire resident for at least five (5) years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married for at least five (5) years. In addition, the taxpayer must have a net income of not more than \$18,500 or, if married, a combined net income of less than \$24,000; and own net assets not in excess of

\$50,000 excluding the value of the person's residence.

**ARTICLE 19:** To see whether the town will vote to adopt the provisions of RSA 202-A:4-d authorizing the library trustees to accept gifts of personal property, other than money, which may be offered to the library for any public purpose, provided, however, that no acceptance of personal property by the library trustees shall be deemed to bind the Town or the library trustees to raise, appropriate or expend any public funds for the operation, maintenance, repair or replacement of such personal property.

**ARTICLE 20:** And to conduct any other business that may legally come before this meeting.

Given under our hands and seal, this twentieth day of February, in the year of our Lord nineteen hundred and ninety-seven.

Selectmen of Wolfeboro

Shirley E. Ganem  
Roger F. Murray, 2nd  
Paul R. Hatch

BUDGET FORM FOR TOWNS WHICH HAVE ADOPTED  
THE PROVISIONS OF RSA 32:14 THROUGH 24

BUDGET OF THE TOWN

OF WOLFEBORO N.H.

Appropriations and Estimates of Revenue for the Ensuing Year January 1, 1997 to December 31, 1997 or  
for Fiscal Year From \_\_\_\_\_ to \_\_\_\_\_

**IMPORTANT:** Please read RSA 32:5 applicable to all municipalities.

1. Use this form to list the entire budget in the appropriate recommended and not recommended area. This means the operating budget and all special and individual warrant articles must be posted.
2. Hold at least one public hearing on this budget.
3. When completed, a copy of the budget must be posted with the warrant. Another copy must be placed on file with the town clerk, and a copy sent to the Department of Revenue Administration at the address above.

**THIS BUDGET SHALL BE POSTED WITH THE TOWN WARRANT**

Budget Committee: (Please sign in ink.)

Date February 17, 1997

**TOWN OF WOLFEBORO**  
**ANNUAL TOWN MEETING MINUTES**  
**March 12, 1996**

**UNDERCROFT-ALL SAINTS EPISCOPAL CHURCH:**

Pursuant to the foregoing Warrant for the Town of Wolfeboro Annual Town Meeting, March 12, 1996, the meeting was officially called to order by Moderator Robert C. Varney at 10:00 A.M. The election of Town and School officials and Town Zoning was held in a new location, that being the undercroft of the All Saints Episcopal Church on South Main Street. The Moderator inspected the ballot box by opening said box and displaying an empty ballot box and then locked the ballot box for voting. The Moderator read the Warrant which noticed the Town Meeting, Town and School elections and Zoning Amendments. The Moderator read Article 1, which contained the officers to be voted on at the polls and Article 2, which is a petitioned question that will appear on the ballot to also be voted on at the polls and announced that the Article must receive a 3/5 vote of those voting on the question for passage. He also announced that an alike petitioned question also appears on the official ballot for the Governor Wentworth Regional School District and would also have to receive a 3/5 vote of those voting on the question in the entire school district for passage. The Moderator then read Article 3, which contained the three Amendments to the zoning to be voted on at the polls and announced that a Protest Petition had been received by the Board of Selectmen and Town Clerk on March 4, 1996, for Amendment 2, under Article 3 Planning & Zoning Amendments. Mr. Varney indicated that in order for Amendment 2 to pass it must receive a 2/3 vote. A motion was made by Stanley E. Stevens, seconded by Thomas A. O'Dowd to waive further reading of the entire Warrant containing Articles 4 through 17 providing they are read in substance. The Moderator announced that Articles 1, 2, and 3 would be voted on at the polls during the hours of 10:00 A.M. and 6:00 P.M., in the undercroft of the All Saints

Episcopal Church and Articles 4 through 17 would be voted on at the Town Meeting being held at the Kingswood Regional High School Auditorium commencing at 7:00 P.M. Articles 4 through 17 will be read by the Moderator at the said Town Meeting and each will be acted upon individually and voted upon at that time.

**KINGSWOOD REGIONAL HIGH SCHOOL AUDITORIUM—7:00 P.M.:**

The Moderator called the 1996 Town Meeting to order and announced to the voters that Articles 1, 2, and 3, were voted upon during the day at the undercroft of the All Saints Episcopal Church between the hours of 10:00 A.M. to 6:00 P.M. and at this time announced the results of those Articles. He then went further to announce that Articles 4 through 17 would be acted upon at this meeting. The Moderator announced that all voters should check in with the ballot clerks to obtain a voter's card before entering the Auditorium. He then announced that Article 4, Page 45 of the Annual Town Report, would be moved, seconded and discussed. The voters will then vote, by written ballot, on Article 4 in the Gymnasium with the polls being open for one (1) hour as prescribed by law. The meeting will be reconvened before the polls close, but only after it appears that all voters present have voted. Once the ballots for Article 4 are counted, the results will be announced. This Article requires a 2/3 vote in favor to pass. A motion not to reconsider Article 4 will then be made and voted upon. Articles 5–11 will be considered in order, requiring a simple majority to pass. He then announced that Article 12, the 1996 Budget was contained on Pages 50–51 of the Annual Town Report and that a detailed report of said budget had been prepared as a handout for all voters. Articles 13–16 will be considered in order requiring a simple majority to pass and Article 17 (other business) will be considered if there is any business at that time. The Moderator announced that he will read every Article aloud, and after it is moved and seconded, the person who moved the Article will be given the chance to speak in its favor. After that speakers for and against will be

recognized alternately. All speakers must be recognized by the moderator prior to speaking. Unregistered voters will not be allowed to speak or vote on any article or motion. If such a person is in attendance and wishes to be heard, they may request permission of the moderator. If anyone objects, then the body will be polled. All speakers should be brief, to the point, and refrain from repetition. Amendments must be moved and seconded. If they are lengthy, they should be in writing. Amendments will be voted on before returning to the main Article. All voters who wish to speak on an Article should have an opportunity to do so. Any motion to cut off debate, sometimes stated as "calling the question", will require a 2/3 majority to pass. All other votes (except for the vote on Article 4) will require a simple majority to pass or fail. After a vote has been taken on an Article or motion, a motion *not* to reconsider the same may be made, and if it passes, then said Article or motion will not be reconsidered during the meeting.

The Moderator recognized Paul Hatch, Chairman of the Wolfeboro Board of Selectmen, who publicly recognized Mr. Doug Cady thanking him on behalf of the entire Town of Wolfeboro for the community bandstand project and presented Doug with a beautifully framed picture of the bandstand and a sealed envelope containing a donation from an anonymous donor to be utilized for programs being held in the community bandstand. Mr. Cady was overwhelmed and thanked the Town of Wolfeboro for the gift and recognized his wife, Carol, as being a real asset in making this project become a reality. The Moderator then introduced the members of the Budget Committee, Board of Selectmen and Town Clerk. He went on further to introduce the Department Heads to the audience.

**ARTICLE 1:** To choose one (1) Selectman for three (3) years, one (1) Town Clerk for three (3) years, one (1) Treasurer for one (1) year, one Moderator for two (2) years, two (2) Library Trustees for three (3) years, one (1) Police Commissioner for three (3) years, three (3) Budget

Committee Members for three (3) years, one (1) Budget Committee Member for one (1) year, two (2) Planning Board Members for three (3) years, one (1) Trustee of Trust Funds for three (3) years, one (1) Supervisor of the Checklist for six (6) years.

The following were elected as your officers at the March 12, 1996 elections:

Paul R. Hatch	Selectman for three years.
Patricia M. Waterman	Town Clerk for three years
John C. Barkas	Treasurer for one year
Robert C. Varney	Moderator for two years
John M. Ballard	Trustee of Trust Funds for three years
Laura C. Duffy	Library Trustee for three years
Jeanne S. Harriman	Library Trustee for three years
A. Hope MacDonald	Police Commissioner for three years
Kenneth L. Bowers	Budget Committee for three years
John T. MacDonald	Budget Committee for three years
Lise P. Tierney	Budget Committee for three years
Harold B. Parker	Budget Committee for one year
Joyce N. Davis	Planning Board for three years
Donald G. Hughes	Planning Board for three years
Dennis E. Bean	Supervisor of the Checklist for Six years

**ARTICLE 2:** Shall we adopt the provisions of RSA 40:13 to allow official voting on all issues before the Town? (Submitted by Petition) (To be voted on by official ballot) Article 2 passed with the required 3/5 vote with 829 Yes and 491 No.

**ARTICLE 3:** To see whether the Town will vote to adopt the following zoning amendments to the Wolfeboro Planning and Zoning Ordinance: The results of the voting on the following amendments were:

Amendment #1  
Yes—653  
No—694

Amendment #2  
Yes—596  
No—785

### Amendment #3

Yes—1120

No—206

Amendments 1 and 2 were defeated with Amendment 2 requiring a 2/3 majority vote to pass and Amendment 3 passed overwhelmingly.

**ARTICLE 4:** To see whether the Town will vote to raise and appropriate the sum of Six Hundred Thousand Dollars (\$600,000) for the engineering and construction of the Landfill Closure and Reclamation Project as detailed on plans and specifications prepared by Wright-Pierce Engineers and submitted to the State of New Hampshire, Department of Environmental Services, in December, 1995, said sum to be in addition to any federal, state or private funds made available therefore; and in accordance with RSA Chapter, 33 the Municipal Finance Act, to authorize the issuance of bonds or notes not exceeding Six Hundred Thousand Dollars (\$600,000) for said purpose, and to authorize the Board of Selectmen to issue and negotiate such bonds or notes, and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the Board of Selectmen to apply for a loan or loans for said purpose from the New Hampshire State Revolving Fund established under RSA 486:14 and administered by the Department of Environmental Services. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) (To be voted on by written ballot, 2/3 majority). The Moderator read the Article in its entirety and called for a motion to move the Article for discussion. Motion made by Selectman Paul Hatch, seconded by Selectman Dr. Roger Murray for discussion purposes. The Moderator asked if anyone wished to speak for the Article and recognized Marty Bilafer, who the Moderator gave permission to speak as Public Works Director and not a voter. Mr. Bilafer explained the Article. The Moderator then recognized David Ford who presented the audience with overheads of the plans and how the costs and funding was set up for this project, indicating the potential for a 20% grant for the project. The Moderator asked if anyone wished to speak against the project. There being none asked for further discussion. No further discussion, the Moderator read the Article once again and announced the procedure for voting indicating that the polls would be open for one hour commencing at 7:40 P.M. The results of the voting were 290 Yes and 26 No. The Moderator declared Article 4 adopted receiving the required 2/3 majority vote for passage.

**ARTICLE 5:** To see whether the Town will vote to raise and appropriate the sum of thirty-six thousand dollars (\$36,000) for the following purposes: 1. Eleven thousand dollars (\$11,000) for an environmental site assessment of the former Town dump located off Route 109A, and 2. Twenty-five thousand dollars (\$25,000) for engineering services associated with the development of Town-owned land located on Route 109A, for economic development purposes. (Recommended by the Board of Selectmen) (Not Recommended by the Budget Committee). The Moderator read the Article in its entirety and called for a motion to move the Article for discussion. A motion was made by Selectman Shirley Ganem, seconded by Selectman, Dr. Roger Murray. The Moderator recognized Selectman Ganem who spoke for the Article. Selectman Ganem announced that the Board of Selectmen felt that because the Budget Committee did not have sufficient information on this Article at the time they were meeting to decide their recommendations for Articles, that this could be the reason the "Not recommended by the Budget Committee" appears after this Article. She went on further to explain the Article indicating that the Economic Development Committee of the Board of Selectmen in proposing such an Article is attempting to address an opportunity to hopefully develop the Town owned land off Route 109A and simultaneously reach agreement with Wolfeboro Oil to relocate all of its storage tanks from the downtown area in the Railroad Avenue vicinity with a further planned reduction in storage tanks on Lehner Street. Wolfeboro Oil has expressed an interest in acquiring such Town owned land for a new storage facility. Wolfeboro Oil has indicated a willingness to transfer the property or provide the Town with the use on the property downtown for an indefinite term. Land would also be made accessible to other commercial businesses. In order to compile the background which would allow the Town to proceed with any agreement with Wolfeboro Oil, it is necessary to retain an engineer to provide the information required which would assist in evaluating the costs associated with the development of the Town owned parcel and estimates with regard to the construction of a roadway to access the parcel. The Moderator then recognized David Ford who explained that this would be phase III of an ongoing project of the Town in developing town owned land indicating that an environmental site assessment of the area would be conducted with engineering consultants providing plans and permits, etc. The Moderator asked if anyone wished to speak against the Article and recognized Claude Roessiger stating there is no labor pool and that private budgets and public budgets should be kept

separate with companies paying their own way. Curt Pike was recognized by the Moderator and he spoke against the Article asking "why don't you just offer Mr. Bean the land to buy? Put the land up for sale to businesses" Several spoke against the Article. The Moderator asked for further discussion on the Article and there being none read the Article in its entirety and called for a voice vote on the Article. Voice Vote was in the affirmative and the Moderator declared the Article adopted as read.

**ARTICLE 6:** To see whether the Town will vote to establish a Capital Reserve Fund, under the provisions of RSA 35:1 for the purpose of purchasing vehicles and equipment for the highway and solid waste divisions of the Public Works Department, and to raise and appropriate the sum of ten thousand dollars (\$10,000) to be placed in such fund; and further to designate the Board of Selectmen as agents to expend. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee). The Moderator read the Article in its entirety and called for a motion to move the Article for discussion purposes. A motion was made by Steve Wood, seconded by Harold Parker for discussion. The Moderator asked if anyone wished to speak for or against the Article and recognized Curt Pike who spoke against the Article. No further discussion, the Moderator read the Article and called for a voice vote on the Article as read. Voice vote was in the affirmative and the Moderator declared the Article adopted as read.

**ARTICLE 7:** To see whether the Town will vote to purchase the property known as the Fire Department Substation located on Route 109, more specifically identified as Map 16, Block 11 and Lot 3 from the State of New Hampshire for the sum of forty thousand dollars (\$40,000); and to authorize the Board of Selectmen to transact all business associated with the purchase of the property; and further to raise and appropriate the sum of forty thousand dollars (\$40,000) for said purchase; and to designate twenty thousand dollars (\$20,000) of said amount as non-lapsing, so as to allow the Board of Selectmen to pay ten thousand dollars (\$10,000) to the State during 1997 and ten thousand dollars (\$10,000) to the State during 1998; and provided that said appropriation shall lapse to the extent not expended as of January 1, 1999. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee). The Moderator read the Article in its entirety and called for a motion to move the Article for discussion purposes. A motion was made by Selectman Paul Hatch, seconded by Steve Wood for discussion. The

Moderator recognized Selectman Hatch who spoke in favor of the Article explaining that the property is located on Route 109E (Governor Wentworth Highway) and is presently utilized as a sub-station for the Wolfeboro Fire Department. He went on further to explain that it has been asked to go before the legislature to allow the Town to purchase the property for \$1.00 and if that happens and it is approved then this money would not have to be expended. The Moderator asked if anyone wished to speak against the Article. There being none, the Moderator read the Article in its entirety and called for a voice vote. Voice vote was in the affirmative and the Moderator declared the Article adopted as read.

**ARTICLE 8:** To see whether the Town will vote to appropriate the sum of one hundred and forty thousand dollars (\$140,000) for the engineering and construction of Filter Bed Road from Varney Road to the Town's Waste Water Treatment Plant. The expenditure of such monies is contingent upon the Board of Selectman laying out, in accordance with State Statute, a fifty foot (50') roadway based upon the preliminary engineering plans dated September, 1995. (Recommended by Board of the Selectmen) (Recommended by the Budget Committee). The Moderator read the Article in its entirety and called for a motion to move the Article for discussion purposes. A motion was made by Selectman Paul Hatch, seconded by Selectman Dr. Roger Murray for discussion. The Moderator asked if anyone wished to speak for the Article and recognized Marty Bilafer, Public Works Director, without objection. Mr. Bilafer explained the Article. The Moderator recognized Curt Pike who spoke against the Article asking "how many times anyone could not get to the treatment plant because of this road?" Selectman Hatch explained that legal action is involved with the acquisition of right of ways from the abutters. The Moderator recognized Selectman Shirley Ganem who stated that the Town is looking at the future. The Moderator asked for further discussion for or against and there being none read the Article and called for a voice vote on the Article as read. Being uncertain on the voice vote the Moderator asked for a show of voting cards and the designated persons counted the voters with the result of 159 voting yes and 140 voting no. The Moderator declared the Article adopted as read.

**ARTICLE 9:** To see whether the Town will vote to authorize the Board of Selectmen to purchase a bucket truck at a cost of approximately one hundred fifteen thousand dollars (\$115,000) for the Municipal Electric Department; such purchase shall be made

from the Capital Reserve Fund established by a vote of the 1991 Town Meeting; after such purchase has been made such Electric Department Capital Reserve shall be discontinued; any funds, with accumulated interest to date of withdrawal are to be transferred to the Municipal Electric Department. The estimated amount of the Capital Reserve is one hundred twenty-two thousand dollars (\$122,000). (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) The Moderator read the Article in its entirety and called for a motion to move the Article for discussion purposes. Motion made by Steve Wood, seconded by Jim Lowry for discussion. The Moderator seeing no discussion apparent read the Article and called for a voice vote on the Article as read. Voice vote was in the affirmative and the Moderator declared the Article adopted as read.

**ARTICLE 10:** To see whether the Town will vote to raise and appropriate the sum of twelve thousand, five hundred dollars (\$12,500) to make certain improvements to the Cate/Town Park and Dockside area, specifically for lighting. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) The Moderator read the Article in its entirety and called for a motion to move the Article for discussion purposes. A motion made by Selectman Shirley Ganem, seconded by Selectman Paul Hatch for discussion. The Moderator recognized Selectman Hatch who spoke in favor of the Article. The Moderator asked for further discussion. There being none read the Article and called for a voice vote on the Article as read. Voice vote was in the affirmative and the Moderator declared the Article adopted.

**ARTICLE 11:** To see whether the Town will ratify the financial terms of the collective bargaining agreement reached between the Board of Selectmen and A.F.S.C.M.E. Local Number 534 which results in a cost estimate at twenty-two thousand, seven hundred ninety-two dollars (\$22,792) for the fiscal year 1996. (Recommended by the Board of Selectmen) (Recommended by the Budget Committee) The Moderator read the Article in its entirety and called for motion to move the Article for discussion purposes. Motion made by Selectman Paul Hatch, seconded by Selectman Dr. Roger Murray for discussion. The Moderator asked for discussion on the Article. There being none, read the Article and called for a voice vote on the Article. Voice vote was in the affirmative and the Moderator declared the Article adopted as read.

**ARTICLE 12:** To see whether the Town will vote to raise and

appropriate the sum of thirteen million five hundred eleven thousand six hundred and fifty-eight dollars (\$13,511,658) for general operations and charges which represent the posted operating budget (MS-7). The Moderator read the Article in its entirety and called for a motion to move the Article for discussion purposes. Motion made by David Senecal, seconded by Lise Tierney for discussion. The Moderator announced that the amount of the Budget is now \$13,547,658 with the addition of passage of Article 5. The Moderator asked if anyone wished to speak against the Article and recognized Kay Moody who proposed an amendment to reduce line item \$4415 by \$4,894 an amount requested by Huggins Hospital. The Moderator recognized Herbert Lamb who spoke against the amendment. Mr. Lamb spoke as a member of the Board of Trustees and explained that this amount helps defray the costs involved for the amount of free care administered by Huggins Hospital. The Moderator recognized Kay Moody who stated that Huggins Hospital does not operate as set forth under the charter. The Moderator recognized Doug Cady who asked how the amount of \$4,894 was arrived at for this request. The Moderator recognized Kay Moody who answered that it represents \$1.00 for every person in the Town of Wolfeboro. The Moderator recognized Bob Champagne who spoke for the Amendment stating that Huggins Hospital has purchased a large amount of property in and around Wolfeboro and asked why the Town should be giving this dollar amount. The Moderator recognized Selectman Hatch who stated that this is a formula used throughout the years based on the population. The Moderator recognized Carra Moore who stated that the request for a Town appropriation does not just come from Wolfeboro, but from other towns to reduce the bad debts that people can not pay. The Moderator asked if anyone wished to speak further to the Amendment and repeated the Amendment. There being none called for a voice vote on the Article as amended. Voice vote was uncertain and the Moderator called for a show of voter cards. The results were 137 for and 141 against. The Moderator declared the Amendment defeated. The Moderator then asked if anyone wished to speak to the budget which was \$13,547,658 and recognized Joyce Davis who made a motion to amend line item #4619 by adding the amount of \$2500 increasing that line to \$6700. Motion seconded by Selectman Paul Hatch. The Moderator recognized Joyce Davis who spoke for the Amendment indicating that the Conservation Commission sets aside money to take advantage of land protection opportunities. Discussion followed with questions asked on what amount of money the Commission

receives from the sale of timber with Selectman Hatch explaining that they do not get money from sale of timber cut in Wolfeboro, only from the sale of timber cut on town property, and the purpose was to accrue funds to acquire property such as the property around Beech Pond and recommended its passage. The Moderator asked if anyone wished to speak against the Article as amended. There being none the Moderator read the Amendment and called for a voice vote on the Article as amended. Voice vote was in the affirmative and the Moderator declared the Article adopted, making the new budget total to be voted upon as \$13,550,158. The Moderator asked if anyone else wished to speak to the Budget and recognized Selectman Dr. Roger Murray who made a motion to amend line item #4619 by increasing it by \$1,700 as recommended by the Board of Selectmen's budget for the monitoring of the water quality in Lake Wentworth. Motion seconded by Steve Davis. The Moderator recognized Dr. Murray who spoke in favor of the amendment. The Moderator recognized Kenneth Bowers who spoke against the Amendment indicating that Lake Wentworth is owned by the State of New Hampshire and in speaking with Rene Pellitier of the NHWS&PCC it is customary that Associations assume the cost of monitoring the lakes through the NH Lake Volunteer programs, and felt that for the good of the taxpayers, the Budget Committee felt that this should be the responsibility of the Association to assume. The Moderator asked for further discussion on the Amendment and recognized Bill Burns who spoke for the Amendment as well as Laura Nichols, who indicated that the Rust Pond Association worked with DES and the Lake Wentworth Association works with the University of New Hampshire. The Moderator asked for further discussion and seeing none read the Article as amended and called for a voice vote on the Article. The voice vote was uncertain so a show of voter cards was requested by the Moderator. The Amendment was clearly defeated by the show of voter cards. The Moderator asked if there were any further amendments to Article 12 and recognized Gregg Roarke, President of the Wolfeboro Chamber of Commerce who made a motion to amend line item #4415 by adding \$5,000 to the total which would increase from \$78,537 to \$83,537. Motion seconded by Doug Cady. The Moderator asked if anyone wished to speak against the amendment and recognized Joseph Santoro who spoke against the amendment. The Moderator asked if anyone wished to speak for the amendment and recognized Selectman Shirley Ganem who indicated that there isn't an organization or non-profit group who doesn't benefit from the businesses in Town indicating that

they pay a great share of the taxes. The moderator asked for further discussion on the amendment. There being none, he read the Article as amended and called for a voice vote on the amendment. Voice vote was uncertain and then asked for a show of voter cards. The results were 149 against the amendment and 109 for. The Moderator declared the amendment defeated. The Moderator asked if there were any further amendments to Article 12. There being none, the Moderator asked for a motion to accept the budget as amended in the amount of \$13,550,158. A motion made by Jim Lowry, seconded by Steve Wood. The Moderator called for a voice vote on the Budget amount of \$13,550,158. Voice vote was in the affirmative and the Moderator declared the Article adopted as amended.

**ARTICLE 13:** To see if the Town wishes to amend the existing agreement under Section 218 of the Social Security Act by excluding the services performed by election workers for a calendar year in which the remuneration paid for such service is less than \$1,000. The Moderator read the Article in its entirety and called for a motion to move the Article as read for discussion purposes. Motion made by Selectman Shirley Ganem, seconded by Steve Wood. There being no discussion, the Moderator called for a voice vote on the Article as read. Voice vote was in the affirmative and the Moderator declared the Article adopted.

**ARTICLE 14:** To see whether the Town will vote to accept the Warranty Deed from George W. Elkins and Andrew W. Kolb dated January 12, 1996 conveying a strip of land on School Street upon which a Town maintained sidewalk is located. The Moderator read the Article and called for a motion to move the Article for discussion. A motion was made by Steve Wood, seconded by Shirley Ganem for discussion. The Moderator asked if anyone wished to speak to the Article. There being no discussion, he read the Article once again and called for a voice vote on the Article. Voice vote was in the affirmative and the Moderator declared the Article adopted.

**ARTICLE 15:** To see whether the Town will vote to request the Board of Selectmen and Fire Chief to discontinue the use of the fire horn located in downtown Wolfeboro. The Moderator read the Article explaining that this was a non-binding article and called for a motion to move the Article for discussion. A motion was made by Dan Charlton, seconded by Kay Moody for discussion purposes. The Moderator asked for discussion on the Article, there being

none, called for a voice vote on the Article as read. Voice vote was in the negative and the Moderator declared the Article defeated.

**ARTICLE 16:** Shall we discontinue the Board of Cemetery Trustees by delegating their duties and responsibilities to the Town Manager? The Moderator read the Article in its entirety and called for a motion to move the Article for discussion. A motion was made by John Burt, seconded by John Bosa for discussion. The Moderator asked if anyone wished to speak to the Article and recognized Selectman Paul Hatch who explained the Article indicating that the Town of Wolfeboro currently does not have a Board of Cemetery Trustees. The Moderator asked for further discussion, there being none he read the Article in its entirety and called for a voice vote on the Article. Voice vote was in the affirmative and the Moderator declared Article 16 adopted as read.

**ARTICLE 17:** And to conduct any other business that may legally come before this meeting. The Moderator asked if anyone had any further business to come before this meeting and recognized Kay Moody, who publicly thanked the members of the TRAC (Trails, Rails Action Committee) for all of their endeavors working on the trail from Wolfeboro to Sanbornville and indicated that this group could use help and any donations for this project. The Moderator asked if anyone else had any other business to come before the meeting. There being none called for a motion to adjourn the 1996 Town Meeting. A motion was made by Stanley E. Stevens, seconded by Hope MacDonald to adjourn. The meeting adjourned at 9:50 P.M.

Respectfully submitted,  
Patricia M. Waterman  
Town Clerk  
Town of Wolfeboro  
March 15, 1996

# **Report of the Chairman of the Board of Selectmen**

It has been a busy year. Many improvement projects, engineering studies, and numerous meetings, negotiations, and changes have taken place. To list a few—this year we finally saw the completion of the Water Treatment Facility, some problem solving at the Waste Water Treatment Facility through contract management, and completing a house to house study on sewer connections, negotiations on rate reduction with PSNH, completion of the municipal electric department study with action commencing on some of the stated recommendations, use of hand held metering, the hiring of a new finance director, consolidation of billing and collections, instituting additional management safeguards in financing, an enterprise fund for the Pop Whalen Ice Arena, a facelift for public access to the town hall, new quarters for the town clerk, the hiring of a new planner and the Planning Board's completion of the Masterplan!

We are reminded in the preparation for Town Meeting that the improvements in a municipality's infrastructure, utilities, and services to the public continues to be an ongoing process. Proof of this can be seen in the proposed warrant articles:

- infiltration/inflow sewer bond issue
- South Main Street sidewalk
- Crescent Lake Dam
- Electric Department substation

Planning for the future involves the ongoing improvement of a Town's facilities and services and all of this is expected to be done in a cost effective, efficient, and user friendly manner. The Board of Selectmen are fortunate to have the counsel and work of an effective Town Manager.

The continued maintenance and improvement of Wolfeboro's quality of life is accomplished by all of us, the Board of Selectmen, town employees, volunteers and the public working together..! Thank You.

Respectfully submitted,  
Shirley E. Ganem, Chairman  
Wolfeboro Board of Selectmen

# Wolfeboro Police Department

## Annual Report

I would like to use this space to talk about the “Micro” Police Agency. The word “small” is a relative term. Certainly, Chicago is a large city, and its police department, with 12,971 sworn members is a large department. However, depending on the size of the organization with which it is being compared, the Chicago Police Department, large as it is, may be seen as only a moderate-sized group. New York City employs 30,135 and Boston has 1,978 sworn officers. The largest department in New Hampshire, Manchester, has 178. In the police world, the term “small” has come to mean a department of 15–30 sworn members, which tends to regulate agencies of 10 or fewer to the “minuscule” range, seemingly not worthy of consideration. And yet, these “micro” departments, like Wolfeboro, comprise 90% of this country’s law enforcement agencies. These small organizations form the backbone of law enforcement and in the end will be the yardstick against which professionalization will be measured.

Regardless of the size of the agency, there is a common thread of responsibility. As administrators, we must provide the most efficient, cost-effective, fair and objective service possible to the citizens of our respective jurisdictions. From the Commissioner of the New York City Police Department to the Chief of Police of Ossipee, or Tuftonboro, or Wolfeboro, police chiefs strive to achieve the same professional service.

We are questioning the current status of law enforcement and the environment in which we are expected to provide services. While the work of the administrators of any size agency is similar in many respects, we micro chiefs must be a “jack of all trades,” resulting in compromise and juggling of duties. We are an integral part of our jurisdiction’s government; in fact we are often a stranger’s first contact with the policy-making arm of town government. In a small geographical area like Wolfeboro, the citizens expect to have personal contact with the chief, who more than likely knows many of them on a first-name basis. It follows then, that even the smallest of problems comes to the

attention of the micro chief.

The concerns facing the micro agency are not much different from the problems confronting any other law enforcement agency; they are only more acute. The main concern centers on finances. Related problems are manpower, procurement and retention of good officers, training at all levels, specialization, relationships with other organizations and self-perception.

Written policy is a duty common to both the micro chief and the chief of a large department. With the increasing number of internal as well as external lawsuits, the development of written policy for the protection of the department, town, officer, and chief executive is far too important to be slighted. Lawsuits have no respect for agency size, geographical location, or any other facts. It is as time consuming to develop a written policy for a department of eleven as it is for a department of 10,000. This year we completed a major revision of all our policies in order to ensure that we meet the standards set by the New Hampshire Police Standards and Training Council. This manual is not and cannot be a static document. Even while in its final approval stages, changes became necessary in certain policies to comply with changes in the ADA, EEOC, and state statutes.

I have only touched briefly on this subject within this limited space. A more complete text and an expanded account of the activities of the department and its component units will be available at the Police Station.

I would like to close by thanking all those who have assisted us during the past year.

Respectfully submitted,  
Stanley E. Stevens, Chief of Police

# **Wolfeboro Central Dispatch Annual Report**

1996 was a year of change for Central Dispatch. We lost a few of our dispatchers including our former supervisor, Jean Banks. Jean was replaced by Shelly Manchester who was promoted from within the Department. We also now have two new full-time dispatchers, Robert Theriault and Laurie Brown, and one new part-time dispatcher, Jeanne Moody. All have completed their training and are doing well in their new positions.

The Wolfeboro Children's Christmas Fund had another successful year. Supervisor Manchester took over this project and did an outstanding job in administering it, seeing that Santa had sufficient assistance from a number of elves who helped with the shopping, wrapping and delivering of gifts. The amount of community support is outstanding and the assistance of our local media in spreading the word was invaluable. Thanks to all for your time and donations in ensuring the continuance of this worthwhile program.

Finally, I would like to call your attention to a serious matter. The number of 9-1-1 calls continues to rise. This is a serious problem. Please, 9-1-1 is for emergencies only. If you accidentally hit that 9-1-1 button on your phone, stay on the line and tell the dispatcher that it was an accident. When you hang up the dispatchers at Concord have to call us. We, in turn, have to call you or send an officer to your house to make sure you're okay. This takes time away from people who may really need the services. When you call 9-1-1 for something that is not an emergency, you tie up these special lines and could potentially make it impossible for someone with a life or death situation to contact us. Our business numbers are 569-1400 for the Fire Department and 569-1444 for the Police Department. Keep these numbers in a handy place. Our dispatchers are happy to take any non-emergency calls that come from those business numbers. Use them instead of 9-1-1 when the call is not an emergency.

An expanded accounting for the past year will be available as part of the Police Department's Annual Report and will be available at the Police Station.

Respectfully submitted,  
Stanley E. Stevens, Chief of Police

# Wolfeboro Fire-Rescue Department

## Chief of Fire-Rescue

### Annual Report

The members of the Wolfeboro Fire-Rescue Department are a united team of professionals who are committed to the needs of the citizens and community.

This commitment was recognized when on August 23, 1996, the Fire-Rescue Department was awarded the Life Safety Achievement Award. This honor was bestowed upon the department by the International Association of Fire Chiefs and Operation Life Safety. This recognition is for the successful response to an extinguishment of fire without the loss of a single life in 1995 through active Education, Code enforcement, and inspection programs under the leadership of Lt. Philip Morrill, Jr. of the Fire Prevention/Fire Investigation Division.

The Wolfeboro Fire-Rescue Department is one of 153 departments in 37 states, three countries, and the District of Columbia who were recognized for these accomplishments. We were one of only four departments in New Hampshire to receive this award and the only department in New England to be recognized two years in a row.

The Fire-Rescue Department answered a total of 764 emergency calls during the year. The breakdown of alarms consisted of:

Box Alarms (includes 14 Box 3 and 3 Box 2) .....	71
Still Alarms, NO EMS/MVA .....	264
Still Alarms, EMS/MVA only .....	429
Total Calls .....	764

During the year, fire calls decreased by 37, rescue calls increased by 74. Combined, there was an increase of 37 calls over 1995 or a 5.09% increase in activity.

Since 1992, the Fire-Rescue Department has seen it's emergency calls increase from 449 in 1992 to 764 in 1996. This is an increase of 315 calls over the four year period or a 70% increase in activity for the Fire-Rescue Department.

Fire prevention activities remained active during the year.

Members conducted the ongoing fire prevention education program at the local schools, under the direction of Lieutenant David Brackett. Fire drills were also conducted at the local schools to prepare our young people for proper reaction in the event of an emergency. Department members also conducted numerous courtesy inspections in private dwellings as well as the business community.

Department members also conducted the following:

- Oil Burners .....102
- Family Day Care .....6
- Foster/Shared Home .....3
- Places of Assembly .....67
- Chimney/Woodstove .....10
- Fire Permits Issued .....475

Knox Box use continued to be on the rise in 1996. Many businesses are catching on to this safe and secure system for keys in case of an emergency.

Fire Alarm for 1996 had one new master box added to the system. The street box 21, formerly at the utility pole by the Durgin Block is now master box 21, the During Stables. Another upgrade and/or replacement came to box 61, a master box at Wickers Sportswear, on River Street. As they are called in the trade, “the guts” had to be replaced due to a possible lightning strike.

General Maintenance; cleaning and painting of boxes, replacing old wiring, pole wraps, etc. continued in 1996 and will continue to ensure proper operation and condition of equipment.

Weekly testing began on the system this year. Each week a different box is tested to ensure proper operation and check conditions for possible maintenance.

Once again in 1996 costs were fairly high, but decreased compared to 1995. We continue to perform maintenance work on the vehicles, assisted by the Public Works garage and Lakes Region Fire Apparatus.

Major vehicle repairs required during the year were as follows:

**9-Engine-2** had complete replacement of front end wheel bearings, replaced speedometer gear, and repairs to brake light system.

**9-Engine-3** Replaced 1 1/2" discharge line, and completed repairs to compartment lights, switches and cab spotlight electrical systems, repaired pump transfer switch system, replaced tank suction valve, replaced intake manifold on engine, complete replacement of clutch system, exhaust repairs to pass State inspections, repairs to drive shaft and pump relief valve.

**9-Engine-4** Replacement/repair of 3-2 1/2" discharge valves, repairs to exhaust system, repairs to pump packing, air tank replacement on air brake system, starter rebuilt, and brake system repairs.

All ladders (ground & aerial) were tested by American Testing Services, and all fire pumps on E-1, 2, 3, 4 and L-1 were tested to meet annual ISO Rating.

Also during the year, tests and other check on equipment and self-contained breathing apparatus and bottles were performed in accordance with recognized standards and procedures.

The Fire-Rescue Department's 29 members attended approximately 1,596 hours of training for 1996.

Approximately 70 hours of public education programs were delivered to the citizens, business groups, schools and organizations of Wolfeboro.

The Inspection and Public Education Division was formed with the creation of the new Firefighter/EMT position at Town Meeting in March, 1996. Under the direction of the Lt. in charge of the Fire Prevention Division, the responsibilities include working to keep townspeople informed of the activities of the Department and various fire safety issues.

The single biggest Public Education function of 1996 was, as always, October's Fire Prevention Week. Programs were provided for about 700 children ranging in age from 3-and-4 year olds at the Wolfeboro Area Children's Center, the Wolfeboro Nursery School, K-through-6th graders at the Carpenter School, and K-through-8th graders at Cornerstone Christian Academy.

The ongoing process of providing to the local media the weekly Wolfeboro Fire-Rescue Log of emergency calls contin-

ued through 1996.

In 1996, the Emergency Medical Services continued to see an increase. Emergency Medical personnel responded to 429 calls, including 290 medical emergencies (i.e. strokes, falls, diabetic emergencies, sports injuries, lacerations); 4 working codes (heart attacks); and 135 motor vehicle accidents. In all, we treated 497 patients with the busiest month being August, when they had 43 calls and treated 69 patients.

Emergency Medical Services has seen emergency calls increase from 212 in 1992 to 429 in 1996; an increasing of 217 calls or 102.4% during a four-year period.

Respectfully submitted,  
Michael J. Howard  
Chief of Fire-Rescue

Note: A complete and comprehensive Annual Fire-Rescue report is available at the Fire-Rescue Department upon request.

# Report of Town Forest Fire Warden and State Forest Ranger

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing any open burning. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are ten Forest Rangers who work for the N.H. Division of Forests and Lands, Forest Protection Bureau. State Forest Rangers are available to assist communities with forest fire suppression, prevention and training programs as well as the enforcement of forest fire and timber harvest laws. If you have any questions regarding forest fire or timber harvest laws please call our office at 271-2217.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments.

Forest Fire Warden

# Department of Public Works

## Director's Report

Your DPW has completed another 365 days of “Striving for Excellence.” Each division has been attacking a series of critical challenges—some that will take more than one season. Dave Ford has made major efforts in analyzing the causes of the Town’s inflow and infiltration problems. In order to correct this situation, your patience and support are most needed over the next decade.

The Town crews continue to do an excellent job removing snow from sidewalks and streets. Without your support for the necessary equipment that is approved each year, this snow removal task could not be accomplished in the manner prescribed. With continuous acceptance of roads into the Town Highway System, additional burdens are placed on the crew. The Highway crew appreciates your continued backing.

After several months of research and evaluation this department recommended to contract our Wastewater Treatment operations. The operating systems are receiving an overhaul and our maintenance procedures are being reinvented to adjust to new innovations. A pertinent step to evaluate our water distribution system has reached new heights with the development of the Town’s water system computer model. The Town can be proud of their new Water Treatment Plant. Brian Carroll and John Beebe, are producing high quality water. You are personally welcomed to visit our site and see this major accomplishment.

Barry Muccio and his crew at the Solid Waste Facility continue to operate efficiently. The new Brush Disposal Site is operating very smoothly. The division reached a 27% recycling level. Even under the ever changing market, the division received over \$25,000.00. “Thanks” hill crew for all your efforts. Welcome to Adam Tasker.

After two years of planning it was most satisfying to see the North Main Street Project come to fruition. A new twelve inch water main was constructed in conjunction with roadway improvements and a bike travelway. SUR Construction Company did an outstanding job. A special thanks to all parties

involved and the citizens for their understanding during construction.

The Town's remodeled restrooms have been completed. A new heating system, along with building insulation have enhanced this facility. A special thanks to Doug Lemery for his involvement in the brick walkway and docks. The repainting of the parking area to include motorcycles was most welcomed. The Smith River wall received new underwater supporting concrete. All new pressure treated boards were installed adjacent to the crib.

Throughout the year the various divisions of this Department are helping and assisting others. They are positive and responsive to the needs of the citizens. I am proud of each member and their contributions. "Striving for Excellence" is still our mode of operation.

Marty Bilafer  
Director of Public Works

# Household Hazardous Waste Collection Report

On July 27, 1996, Wolfeboro participated with 22 other local towns in the Household Hazardous Waste Collection made possible by the financial commitments of cooperating towns and a grant from the State of NH Department of Environmental Services. The annual collection is organized by the Lakes Region Planning Commission in an effort to reduce the costs to individual towns by staging collections in several locations on the same day.

A record breaking 2000 households visited the nine collection sites, between nine AM and noon. At the Wolfeboro site, approximately 1/3 were seasonal residents, with the majority of participants full time residents. There were 340 households represented by 277 cars at Wolfeboro. Approximately 330 gallons of oil/gas/kerosene were collected and will be used in the waste oil heater at the public works garage. It appears this year that car-pooling has increased with a growing number of single cars representing more than one household. The number of households represented at the Wolfeboro site again beat even Laconia. GOOD JOB!

As the local site-coordinator, I want to thank all the people that came to the collection. We had wonderful weather again this year. A heart-felt thank you to all the volunteers. This year they came from Wolfeboro, Alton, and Tiltonboro, and range from senior citizens to youth groups. Thanks to: Nancy Hirshberg, Ned McDonald, Joyce Davis, Bill Rae, Marty and Carole Bilafer, Curt Pike, Justine and Jennifer Gengras, Doug Smithwood, Ed Carroll, John Burt, Margie Blodgett, Bill Smith, the Appalachian Mountain Teen Project—Holly Manoogian, Reed Pearson, and Chris San Antonio, Camp William Lawrence—Jason Antin, Tyrone Bell, Jim Greene, Nat Brown.

The use of the water department's office is appreciated. Jim Heald is a three year veteran setting up the traffic control at the site. Steve and Barry took care of the signs that guided everyone to the collection site. Most of all, thank you to those that came to the collection.

Front page coverage by the Lakes Region Courier, and interviews with the local radio station inform and remind the community about the waste day. It is truly an impressive demonstration of community support for the hazardous waste collection.

We look forward to seeing you again the fourth Saturday of July in 1997. Mark the calendar 9 AM to noon (we regret disappointing late-comers once the collection is over and the waste haulers are packing). Don't forget to save your pesticides, oil paint, drain and oven cleaners, pool chemicals, solvents, thinners, etc. Keep up the good work, become a member of a great mid-summer tradition! The Lakes Region Planning Commission has had the most successful program in the state and it is because of each one of you.

Respectfully submitted,  
Sarah M. Silk, HHWC Site Coordinator

# Report of the Code Enforcement Office and Health Office

## Permits

During 1996 building construction for single family dwellings showed an increase from the previous year and small construction permits have declined. Quality of construction has continued to be way above average. Cooperation between contractors and this office has been extremely good with violations taken care of in a timely manner.

By raising the cost of permit fees, this department has seen a substantial increase in revenue to the Town in comparison to past years.

Failed septic systems and groundwater contamination due to large amounts of rain created many problems for the Health Department.

We were relieved that few cases of infectious diseases and only 6 confirmed cases of food poisoning were reported.

Rabies was an issue in '96. Public awareness posters were supplied by the state and with the cooperation of the schools and newspaper coverage, serious problems were kept at a minimum.

Many thanks to other Town departments and residents who have rendered their support. Special thanks go to my secretary, Ruth Morse, Anne Marble and Maryann Stansfield for their dedication and support this past year.

Respectfully submitted,  
Earl L. Keniston  
Code Enforcement Officer  
Health Inspector

# **1996 Planning Board and Planning Department Report**

The Planning Board and Department have been kept busy this year with a multitude of projects and planning issues. The Master Plan was completed and adopted after 4 years of hard work. Many thanks to the citizens who participated in the Wolfeboro 2000, the Planning Charette, and various committees, forums and workshops. Your input was invaluable and it was the foundation of the Master Plan.

## **1996 ACCOMPLISHMENTS**

- Produced and distributed a copy of a summary of Master Plan to every address in Wolfeboro
- Adopted the 1996 Master Plan Update
- Prepared a Sample Sign Ordinance
- Prepared a Master Plan outreach program
- Worked to finalize the Health and Human Service Chapter of the Master Plan
- Adopted an Ease of Use Manual
- Finalized the Wolfeboro Voluntary Design Guidelines

In addition, the Planning Board took action on the following applications

- Six Boundary Line Adjustments
- Four Subdivisions
- Fourteen Site Plan Reviews

## **1997 GOALS**

- Begin a recodification of the entire Zoning Ordinance
- Update and consolidate the Site Plan Review Regulations
- Update the Town's Road Construction Standards
- Update the Excavation Regulations for the Town

The Planning Board and the Planning Department is committed to seeking broad base public input on all community planning issues. The Planning Board will be sponsoring workshops and forums throughout 1997 and we welcome and encourage

everyone to participate.

1997 will be an exciting time for the department, with new projects such as:

- Assisting the Pathways Committee with its Pathways Mapping Project
- Coordinating the Master Plan Public Outreach Program

In addition, the Planning Department continues to provide technical assistance on an as needed basis to the Zoning Board of Adjustment, Historic District Commission, Conservation Commission and Pathways Committee.

In closing, we would like to thank all the residents who volunteer their time by serving on boards and committees and by providing time, energy and resources to the department. Your contributions to the Town are immeasurable and your time and energy makes my work even more enjoyable. We would also like to thank Robin McNally and Ruth Morse for their continuing administrative support and guidance.

Please stop in if you would like to talk about the planning issues facing Wolfeboro.

Respectfully Submitted,  
David Booth, Chairman  
Wolfeboro Planning Board

Robert T. Houseman,  
Town Planner

# **Zoning Board of Adjustment 1996 Annual Report**

The Zoning Board of Adjustment conducted thirteen hearings this year, nine more than in 1995. Of those thirteen hearings held, there were nine special exceptions granted, one special exception denied, two variances granted, and one administrative appeal upheld. A total of \$1,685 was collected in application fees.

The Zoning Board of Adjustment is still in need of alternates. If you are interested in serving as an alternate please contact the Board of Selectmen.

Respectfully submitted,

**WOLFEBORO ZONING BOARD OF ADJUSTMENT**

Brian C. Underwood, Chairman

# **Report of the Wolfeborough Historic District Commission**

The WHDC conducted three meetings during 1996—two Special Meetings and one Regular meeting.

One building addition and a modular structure, with appropriate modifications, were approved. One application was denied as submitted, but will be revisited in 1997.

Special Meetings are held to accommodate the requests of parties who could have been inconvenienced had they had to wait for the next regularly scheduled meeting. In one case a Special meeting was called so as to mitigate the possibility of litigation involving the Town.

The Commission meets, when necessary, on the second Tuesday (except March—the third Tuesday) in the months of January, March, May, September and November at 8 p.m. in the Town Office Building or the Wolfeborough Town Library. All meetings are open to the public.

Respectfully submitted,  
Peter D. Roessiger, Chairman  
Roger F. Murray II, Selectman's Representative  
Lillian Brookes  
Judy Breuninger  
Kevin Kelly  
Harold Parker  
Gene Sampson

# **Wolfeboro Conservation Commission**

## **1996 Annual Report**

The Wolfeboro Conservation Commission again responded to the environmental concerns of the Town's citizens.

The Commission field inspected sixty five (65) dredge and fill applications for the New Hampshire Wetlands Bureau and submitted its recommendations to assist the Bureau in making their decisions. The applications were requests for docks, breakwaters, beaches, boat canopies, culverts and dredging and filling of wetlands. Field inspections and reports, when requested were made for the Planning Board, Town Planner and Codes Officer.

The Commission's members, continued to attend seminars, classes and field trips to improve their knowledge and skills; including participation in the annual meeting of the New Hampshire Association of Conservation Commissions in November. Some members are officers or trustees of related associations.

A contract was awarded to Lobdell Associates, Inc. to assist the Commission with Wolfeboro's Wetland Evaluation and Protection Project; coordinated by Laura Nichols, Vice-Chairman.

The Commission continues to improve the public access to the conservation lands and expects to have additional walking trails and passive recreation areas available during 1997. Mapping and selective thinning of the conservation land on Bay Street, was completed this year. The bridge and boardwalk at Ellie's Woodland Walk was also repaired this year.

My thanks and appreciation to each member for their support and commitment to Wolfeboro's environment. A special thanks to the three members who always participated in the field inspections when requested, regardless of the weather or inconvenience.

Respectfully Submitted,  
William A. Rae, Chairperson

# Report of the Trustees of the Trust Funds

## Various Trust Accounts

### As of December 31, 1996

**TO THE BOARD OF SELECTMEN  
WOLFEBORO, NEW HAMPSHIRE**

We submit herewith the attached summary statements of income, disbursements and investments of the trust funds maintained by the Trustee of the Trust Funds for the Town of Wolfeboro, New Hampshire, for the fiscal year ending December 31, 1996.

In the aggregate, the balances are as follows:

Trust Accounts	Investment Stated at Cost	Undistributed Income as of <u>12/31/96</u>	Market Value as of <u>12/31/96</u>
Common Trusts	303,578.23	73,743.40	388,838.01
Cemetery Trusts	54,440.62	17,981.26	94,992.73
G.W.R.S.D. Trusts	7,420.73	0	7,210.08
G.W.R.S.D. Reserve Funds	419,974.36	12,655.85	239,241.66
C. Paul Quimby Trust	43,982.49	3,074.47	66,341.43
Town of Wolfeboro Reserve Funds	213,485.07	6,625.14	141,152.70
Additional Reserve Funds	<u>30,000.00</u>	<u>1,566.79</u>	<u>61,700.00</u>
<b>TOTALS</b>	<u><u>1,072,881.50</u></u>	<u><u>115,646.91</u></u>	<u><u>999,476.61</u></u>

Respectfully submitted,  
William T. Fluhr, Treasurer

# Cemetery Trust Fund

With the appointment of Paul J. Skowron as Cemetery Warden, the board of trustees set upon a course of turning over the responsibility for the direct maintenance of the cemeteries to the town.

Along with John Morrill, who has been maintaining the cemeteries for years, Scott Smith, the town Finance Officer, and Mr. Skowron, the trustees walked the boundaries of every cemetery in trust, counting every grave, identifying every cemetery trust, advising on maintenance and establishing a new system for payment of maintenance.

Trustees,  
John Ballard  
George Hall  
William Fluhr

## Report of the Librarian

The yearly circulation of books, periodicals, pamphlets, sound recordings, videocassettes, audiocassettes, compact discs, Polaroid cameras, films, Library passes to the Christa McAuliffe Planetarium and Science Center of New Hampshire, and library materials borrowed on interlibrary loan was as follows:

Adult Fiction . . . . .	24,342
Adult Non-Fiction . . . . .	19,130
Interlibrary Loan Materials Loaned to Other Libraries . . . . .	(527)
Juvenile Fiction and Non-Fiction . . . . .	22,559
Uncatalogued Paperbacks . . . . .	2,820
Periodicals, Pamphlets, Newspapers, Catalogs and Microfilm . . . . .	4,414
Audiovisual Materials (Videocassettes, Audiocassettes, Sound Recordings, Compact Discs, Films, Polaroid Cameras) . . . . .	19,967
Tapes to Shut-Ins . . . . .	136
Books and Other Library Materials Borrowed on Interlibrary Loan from Other Libraries . . . . .	1,353
On computer . . . . .	(40)
Library Passes . . . . .	26
<b>TOTAL CIRCULATION . . . . .</b>	<b>94,747</b>

In addition the following statistics were tallied in 1996:

Reference Questions . . . . .	5,485
Catalogued Books and Audiovisual Materials Added . . . . .	2,254
New Cards Issued . . . . .	825
Patrons Re-Registered . . . . .	1,431
Interlibrary Loan Requests Made by Wolfeboro Public Library Patrons . . . . .	1,563

Two reading discussion series were funded by the New Hampshire Humanities Council (NHHC) in 1996, one on "The New South" and the other "Jane Austen in Her Time." The Library Director also wrote a grant for the NHHC, "Edward MacDowell's Woodland Sketches," presented by local resident John Warthen Struble in four New Hampshire libraries including our own. The Friends of the Library contributed to the funding. In addition the NHHC funded a program by Betty Jean Steinshouer in her own-woman performance on Gertrude Stein and Willa Cather. The Cate Lecture Fund contributed to this funding.

Other adult programs included movies shown every

Thursday afternoon (weather permitting) from October to May. Authors Trudy Ann Parker (AUNT SARAH, WOMAN OF THE DAWNLAND), Steve Langella (MOUNTAIN BIKE STEVE'S WILDERNESS TREKS), and two programs by Barbara and Richard Siegert (BICYCLE ACROSS AMERICA) comprised other library programs. Bryant Tolles presented a program on "Summer Cottages in the White Mountains" and Bob Spoerl of the NH Bureau of Trails presented a program on New Hampshire's Heritage Trail. The Cooperative Extension Program presented a series on "Fat in Your Diet."

The Friends of the Library sponsored programs with Rebecca Rule ("Town Meeting"), Bill Wiebe ("New England Architecture"), and Mary and Calvin Batchelder ("Walking in Britain"), and sponsored a film and discussion on the life of May Sarton. The Annual Book and Author Luncheon in May featured Edie Clark, Charles Simic, and Mara Witzling.

In May the Friends purchased a used computer for the library to be used for accessing NH Works, an online listing of jobs available in the state of New Hampshire. In August Worldpath, an internet service provider, offered the library 40 hours a month of free internet service. The same computer provides these services.

In January Anita Muise, our new children's librarian, was hired. During the year she presented programs on gemstones of America, drawing techniques, making bookmarks, pumpkin decorating, origami, herbal potpourri, iron-on applique, and holiday clay techniques. Dan Grady's Marionettes were presented in February, a special program funded by a grant from the Nicole Jutras Fund of the Lakes Region Charitable Trust. In addition pre-school story time was held every Tuesday morning throughout the year except during the month of September. Stories, crafts, and movies are always featured.

During National Library Week in April special activities were held to feature "Turn Off The Tube" week. A six-week course on babysitting for children was held in cooperation with the UNH Cooperative Extension Service in May. The summer reading game for children this year was entitled "Reading . . . The Best Game Around." Special programs were held in conjunction with this.

In 1996 a total of 65 programs were offered for adults with a total attendance of 1,538, and 105 children's programs were held with a total attendance of 2,272. Circulation increased almost 9 per cent this year.

Friends of the Library continue to provide wonderful programs and purchase expensive books such as the NH REVISED STATUTES ANNOTATED, Library of America books, and Enchantment of the World series for children. They purchased the above mentioned computer and paid for library passes to the Christa McAuliffe Planetarium and Science Center of New Hampshire. They sponsored library programs and underwrote the cost of the children's summer reading program, providing one paperback book to each child who completed their contract. Their support is greatly appreciated.

The Governor Wentworth Arts Council purchased a library pass to the Currier Gallery of Art in Manchester in November. Each year they give the library a grant of \$100. This year the money was used to purchase expensive art books.

Shut-in service is provided once a month by the staff. The GRANITE STATE NEWS is available on tape free of charge to those who are visually disabled. Please inquire at the front desk about these special services.

Our staff has grown to seven members. Anita Muise, our children's librarian, started in January. Denise Thayer was hired in April as a part-time technical services assistant. They join the interlibrary loan assistant Marilyn McBride, and library assistants Jane Carville, Barbara Widmer, and a new assistant who started in November, Joyce Davis.

The Wolfeboro Public Library is a lively place, and we thank you for your patronage in this year and past years. If you haven't visited the library recently, you may be pleasantly surprised at the library's many services. Check it out in '97!

Respectfully submitted,  
Louise A. Gehman  
Library Director

# Trustees of the Wolfeboro Public Library

## Annual Report—1996

The Wolfeboro Public Library continues to be a popular place to visit for readers, video watchers and computer users from Wolfeboro and surrounding towns; circulation figures continue to rise. The members of the Board of Trustees, John Ballard, Warren Clarke, Laura Duffy, Jeanne Harriman, and I are pleased to see this trend. It means that our librarian, Louise Gehman, and her fine staff are building and maintaining an information collection that is both appealing and informative. We applaud their efforts.

Joyce Davis replaced Mary Coombs, who left the area, and Denise Thayer is filling the 20 hr./wk. position added this year. Katie Watson, our new page, is responsible for shelving books several afternoons a week. We welcome them and hope you will come in and get acquainted.

Information access took a giant leap this year with the addition of an Internet line and accompanying computer and printer which allow users downloading and printing capability.

A Pentium computer was purchased as a server for the circulation catalogue system; the hard drive on the previous server was full, necessitating removal of programs to keep it in service.

Outside, the back border of the parking lot was cleaned up and evergreen trees were planted near the boundary to serve as a buffer between the library and its neighbors. Trees and shrubs were trimmed, receptacles were purchased for convenient trash and cigarette disposal, and a granite bench was placed along the front side of the library near the town sidewalk.

An energy audit was completed by J.S. King Engineering Company focusing primarily on improving the quality and efficiency of the current lighting system. A proposal was drawn up and subsequently approved by the state to qualify for financial support for half of the cost of the project.

The library exists to serve the public and members of the Board continually strive to maintain and improve the facility, making it an accessible and enjoyable place to study and learn about the world. Thank you for your support in town meeting and at the polls.

Sincerely,  
Elissa Paquette  
Chairman of the Board

# **Report of the Department of Parks and Recreation**

In 1996, the Wolfeboro Department of Parks and Recreation was honored to be chosen as the recipient of the "Willie" Shelnutt Award for Programming Excellence. The award recognizes innovative recreation programs throughout the State of New Hampshire and is selected by the New Hampshire Recreation and Parks Association. The Granite Kid Triathlon was the winning program, selected from several excellent programs from throughout the state. The Granite Kid is a mini triathlon which features participants from 4 through 13 years of age. The event provides a swim, bike, and run portion for each age group scaled down to their ability. The youngest group does the "swim" (run) in knee deep water at Brewster Beach, and the oldest group swims the perimeter of the swim area.

Like most of the programs offered by the Department of Parks and Recreation, volunteers make it all happen. The Granite Kid utilizes volunteers in the water, along the bike and run courses, at all of the intersections, waterstops and finish chutes. Volunteers man the stop watches and the results sheets.

In 1996, the Wolfeboro Department of Parks and Recreation logged over 1,255 volunteer hours (not including field trip chaperones). Our volunteers are our most prized asset in recreation programming. The positive feedback that we continue to receive from parents and participants assists us to continue our efforts to provide quality programs and to find new ways of involving young teens in our programs.

The Fifth Annual WICKERS™ Turkey Trot was held in November. This year, the department teamed up with the Wolfeboro Lions Club to raise \$1800 for fuel assistance. This match up was beneficial to both the event and the cause. The race continues to grow annually and the Lions brought volunteers and race support to the ever improving Wolfeboro attraction.

The Granite Man Triathlon celebrated its 15th anniversary bringing over 600 people to Wolfeboro. The celebration honors the tradition of a home town event supported by community

businesses and volunteers. The event raises money for a scholarship in honor of Albert Dow III.

The parks and public properties remain under the careful care and expertise of Kathleen Rankin and David Wheeler. This year, Kathleen celebrated her 10th anniversary working for the Town of Wolfeboro. She is dedicated to park maintenance and takes pride in the work that she does.

The temporary skateboard park was discontinued due to vandalism, violations of established guidelines and poor conditions of the ramps. The baseball diamond at Foss Field has been honed into a well groomed athletic field. The extra efforts of Dave and Kathy have produced a consistent maintenance program for the turf while keeping the gardens around town bright and colorful. While busy schedules limit the time available for park improvements, each year the department makes new strides in improving the appearance of the town owned facilities entrusted to the care of the parks and recreation staff.

Improvements at dockside continued in 1996, with the extension of the brick walkway and the installation of park lights along the waterfront. The Wolfeboro Garden Club made a generous contribution of bricks and materials for the project. Parks and Recreation Director Sue Glenn and volunteers spent a full week carrying and setting the bricks by hand after the Department of Public Works carefully excavated and prepared the sub base. Plans are in place to continue phasing in improvements to the dockside/downtown area and public input is welcome.

Our efforts in improving the cross country ski trails at Abenaki are ongoing. In 1996, we began an intensive wetlands delineation of the trails and continued trail improvements. The Wolfeboro Cross Country Ski Association donated \$2,000 towards these efforts. The Town of Wolfeboro has been budgeting money for trail improvements for several years and expect to continue the process in 1997.

A big thank you to Back Bay Builders who pitched in to remove the heavy snow loads from the Pop Whalen Arena Roof in early 1996. They donated some of the labor and equipment necessary to ensure that the roof would not be damaged.

Discussions are ongoing with the Back Bay Youth Hockey

Association in regards to the operation of the Pop Whalen Arena. The Wolfeboro Board of Selectmen have set up an enterprise fund as a first step to analyzing the operating and capital costs of the facility, as well as, the determination of fees and charges.

The Department of Parks and Recreation appreciates the cooperation of other town departments in assisting to serve the public. From the help with the dockside project by the Department of Public Works and the Municipal Electric Department to getting the Abenaki driveway graded, to borrowing equipment, and to dealing with drainage issues. We are indebted to those who help us to do our jobs better.

This report would not be complete without a word of thanks to the many part time support staff that compliment our operations throughout the year. The lifeguards, swim instructors, swim team coaches, the arena staff, the playground staff, the ski patrol and lift operators and groomers. Thank you for your flexibility and commitment.

In closing we would like to thank all of the sponsors and contributors to our programs who give freely even though we know that they are constantly being asked to give. We appreciate our cooperative role in the Wolfeboro community.

Respectfully submitted,  
SUSAN M. GLENN, CLP  
Director for Parks and Recreation  
JUDITH L. DREW  
Assistant Director

# Report of the Tree Warden

Wolfeboro celebrated Arbor Day on May 15, 1996 by planting a disease-resistant American elm at Relay Testing Services on Glendon Street. The tree was donated by Bartlett Tree Experts and was among five elms planted this year. Since 1975 the Town has planted 303 trees along the downtown streets and in the parks.

Pruning, fertilizing and maintenance was done at the Town parks and along the streets this year as well as several removals.

Due to other commitments I am resigning the position of Tree Warden effective January 1, 1997. For the last 22 1/2 years I have enjoyed taking care of the Town trees and planting over 300 trees. I would like to thank the Parks and Recreation Department and the Municipal Electric Department for their help and assistance throughout the years. To the Wolfeboro townspeople, I thank you for giving me the opportunity to serve you. It has been a pleasure.

Sincerely,  
Bill Swaffield  
Tree Warden

# Wolfeboro Historical Society

## 1996 Annual Report

1996 will be remembered, as the year the new Wolfeboro History by Q. David Bowers was published. I, as President, am very proud of the members and friends of the Society, who worked so hard to accomplish this project. The history has been so well received, that, the Society returned the loan of \$10,000.00 from the town in November. Thank you all for supporting the Society through the 5 years we have worked on the history. The books arrived in April and were unloaded into the basement of Ben Franklin store. The Society thanks Jean and Stuart Stinchfield for allowing us to use their store for storage.

The Clark House Museum Complex opened in July for tours of the 3 buildings. Each week in July and August, Tour Director, Ruth Glidden arranged special programs in the Pleasant Valley Schoolhouse. Thanks to all the volunteers who made this a success.

In September, volunteers who worked on the history were guests of NH Gov. Merrill aboard the Mt. Washington. The Society received the Governor's 1996 Award for Volunteerism as a group in Carroll County.

The Society has produced a new color brochure which features a bird's-eye view of the Clark House Museum Complex. We would like to thank Kirk Titus, III for his bucket truck, from which this photo was taken.

In our continuing preservation work, the Society has had light reducing mylar shades installed at all windows in the 3 museum buildings in the complex. Thanks to Gene's of Wolfeboro who worked in the cold buildings in November to finish this project.

The Society would like to thank the Wolfeboro Garden Club for continuing care of the gardens at Clark Park and the Wolfeboro Parks and Recreation Dept. for their care of the grounds and buildings. Thanks also, to the All Saints Episcopal Church for allowing the Executive Board of the Society the use of a room for our monthly meetings.

The Wolfeboro Historical Society welcomes all to our regular meetings and we invite you to help us, as we endeavor to preserve the history of Wolfeboro.

Joan E. Kimball, President  
Wolfeboro Historical Society

# Report of the Libby Museum

The Libby Museum, once again, enjoyed a very busy and successful 1996 season.

The Museum, with the wonderful Natural History Collection, the Abenaki Collection and the various and many other collections of Dr. Libby continues to be a great interest and also for resource information to our visitors.

Eleven foreign countries were represented at the Libby in 1996.

Our Enviro-Arts and Nature and Art Programs, thanks to Susan Berry, Sally Cornwell, Kathy Butt, John O'Connell and Daryl Zerveskes, were very successful.

A special thank you to Judy Brenner for all her special help and her continued research on the labeling and identifying of the entire inventory of the Museum.

The Lake Winnepesaukee Music Festival presented three children's concerts which were well attended, my thanks to Peter Krysa and Rachael Lewis and all the visiting musicians.

A special thank you to the Friends of the Libby for their continuing interest and financial support.

Vivian England and the Wolfeboro Garden Club for the past five years have provided beautiful floral arrangements for the Museum. Our thanks to Vivian and the Garden Club.

Thanks to the Town of Wolfeboro and especially Parks & Recreation for their continued support and care of our special "Jewel of the Lake."

The season of 1997 will see the celebration of the 85th anniversary of the Libby Museum. The Friends of the Libby and my staff have many exciting plans for this anniversary. Hopefully, Peter Krysa and Rachael Lewis and all the wonderful musicians will be back for our children's concerts and of course, many new programs for the Enviro Arts.

Also, the Libby has new ceiling fans for the coming season, thank you, Friends of Libby and the Town of Wolfeboro.

Lastly a heartfelt thank you to Mo Marsh, my assistant and the wonderful volunteers.

Respectfully submitted,  
Patricia F. Smith, Director

Dr. Walter I. Thyng  
Administrator

# Report of The Welfare Department

1996 was another year of guessing what the changes in welfare would be. Even at this writing the State of New Hampshire still hasn't decided where it is going. The state agencies still officially drag their collective feet and push as many costs off to the local welfare departments as they can. For example, the state has 45 days to process a claim, even an emergency, and I have never known a case to be decided in less than 45 days. During that time, and possibly more, the responsibility falls to the local welfare office. The local welfare office must respond to claims within three days. With a new administration in office in Concord, it is safe to assume that all the previous changes in welfare will be reviewed and possibly changed. As, one by one, all the previous department heads in Concord join the unemployment line, we will only start to see a picture of welfare change.

Wolfeboro's welfare program had it's usual problems deliveries, cold temperatures, seasonal employment, and the high cost of medications all contributing to the demand.

We have met the needs of the people of Wolfeboro, often with the generous help of individuals and agencies, like the Food Pantry, and a few community minded businesses in town. Looking back at welfare costs in a thirty year period, welfare costs have risen by a mere fraction of the other costs of town government.

We will continue to do what is necessary to aid people in need. Our G.E.D. program is ongoing and is privately funded. We still seek jobs for people and reasonable housing.

Respectfully submitted,  
William T. Fluhr  
Welfare Director

# Municipal Electric Department

The Municipal Electric Department peak demand occurred at February 5th and was 10,800 KW. This was down considerably over 1995 peak demand of 13,400 KW.

1996 saw the retirement of J. Victor Cloutier St., Line Foreman who served the Department for 37 years.

Gerald Steimle, Plant/Meter Supervisor also left in August, as did Nancy Jesseman, meter reader. Anne Kuell, Secretary, resigned in April. The loss of the above personnel caused a severe impact upon the Department operations.

Although there were several major storms in 1996 we were fortunate in having very few power outages and no transmission line failures.

The Gift of Warmth Program continues to receive warm response from our customers who help people who are having difficulty paying their electric bills.

A new bucket truck was purchased in 1996 and arrived in December. The Department also purchased a pick up truck for meter reading.

The Department continues to assist other Town Departments and light the Christmas Trees in and around town.

In November I attended a week long class at UNH in Public Utility Management. I continued to serve on the NE Municipal Electric Department Generation Committee and Warren Smith and myself attended several line supervisor round table discussions.

The Department appreciates the kindness and support our customers extended in 1996.

Respectfully submitted,  
Dennis Bean  
Business Manager  
Municipal Electric Department
